Rushville, Indiana, Wednesday Evening, Nov. 12, 1919

TEN PAGES TODAY

## DAY IS ENJOYED BY A HUGE CROWD

Ten Thousand People Participate in  
Armistice Day Celebration Here  
Tuesday

### GARDINER BIG ATTRACTION

Col. Robert A. Tyndall Makes Brief  
Talk in Afternoon—Weather  
Proves Ideal

Ten thousand people took part in the celebration of the first anniversary of the ending of the war here yesterday. Many were of the opinion today that it was the biggest crowd ever in Rushville.

There was a solid mass of people in the west side of the court house, which spread over First and Second street and all along Main street from First to Second, both yesterday afternoon and last night when Harry H. Gardiner scaled the wall of the court house. Besides, every window here a view of Gardiner would be obtained, was packed with people.

The weather was ideal and the program went off smoothly, although Colonel Robert A. Tyndall, former commander of the 150th Field Artillery, did not arrive in time to speak at the hour assigned to him on the program.

Col. Tyndall came from Minneapolis at a great sacrifice to keep his engagement, and the fact that he had made his word good, though he had to leave the American Legion convention, was the source of much honorable comment.

The reception committee met every train but somehow Col. Tyndall slipped into Rushville unannounced and he was taken to the office of A. L. Riggs, a member of the committee.

The former leader of the Indiana regiment was introduced by Judge Will M. Sparks and made a short address to the people who could get within hearing distance of the platform from which he spoke. Col. Tyndall dwelt on the achievements of the Indiana soldier in the war and described the part the 150th, which was the only distinctive poster regiment in the war, played in the big offensives toward the end of the war. After his address, Col. Tyndall was entertained by Robert Mansfield and left early in the evening for his home in Indianapolis.

The committee of former soldiers which held open house for all service men, did a rushing business yesterday afternoon pinning the distinctive mark, a small piece of white ribbon, on each one who called. One hundred and six Rush county men who served during the war registered in the book which the committee had for that purpose, giving their names, present address and the company and regiment with which they served.

Many former soldiers also enjoyed the hospitality of the Salvation Army, which served doughnuts and coffee free to all service men. The Salvation Army passed over the counter about eleven hundred doughnuts and twenty-five gallons of coffee during the afternoon and evening. All except soldiers paid and in this way the Army made between \$20 and \$25.

Although the parades did not come up to expectations everyone seemed to have a good time and the climb by Harry Gardiner proved to be as good an attraction as it was advertised to be. The thousands who saw him in his perilous climbs admitted that he did more than they expected. Gardiner took plenty of time in making the first climb in the afternoon, feeling his way carefully. He started at 3:50 o'clock and reached the tower of the court house at 4:25. At night he started at 7:50 and finished at 8:15. He was advertised to begin the night climb at 8:30 but the sparkler parade ended

Continued on Page Three

## COLD WAVE IS DUE TONIGHT

Temperature is Expected to Drop to  
20 Above Zero

The first wave of the season is predicted for tonight. The weather prediction for today says that much colder weather may be expected tonight and tomorrow and that the temperature will drop to twenty degrees above zero. The cold weather has been expected because of the frigid weather in the northwest for the last few days. Reports have been received of dispatches of snow storms and zero temperature in many western and central west states.

## TREE PREVENTS DROP DOWN EMBANKMENT

Dr. J. B. Kinsinger Narrowly Escapes  
When His Machine Turns  
Over South of Carthage

### NEAR AN OVERHEAD BRIDGE

Dr. J. B. Kinsinger of this city narrowly escaped death yesterday evening about eight o'clock when his automobile turned over at the east approach of the bridge leading over the Big Four railroad, about a mile south of Carthage, and lodged against a tree, which prevented it from rolling all the way down the 12-foot embankment. How Dr. Kinsinger managed to escape, after viewing the position of the automobile, those who saw it could not understand.

It required the aid of fifteen men and an automobile truck to pull the machine out of the perilous position in which it lodged. The machine was not damaged much.

Dr. Kinsinger walked back to Carthage after the accident and obtained the aid of Carthage men to get his car back on the road. He was on his way back to Rushville from making a professional call in Carthage.

## NEW MEMBERS ADDED TO RUSH POST NO. 150

Twenty-Six Are Enrolled in County  
American Legion Organization  
Armistice Day

### MEMBERSHIP DRIVE SOON

Rush Post No. 15 of the American Legion, an organization of world war veterans, enrolled its first members yesterday during the Armistice Day celebration. Several charter members of Rush post were present at soldiers headquarters and ex-service men who called to register were invited to join. The post now has twenty-six members, and it is expected a membership drive to interest all the former soldiers in the county, will be started in a very short time. The charter for Rush post was obtained only a few days ago.

It is expected that more than the usual amount of interest will attach to the organization here, now that Indianapolis has been selected as the location for the national headquarters of the Legion which already has more than a million members. Indianapolis was selected at the first national convention which closed in Minneapolis yesterday.

### THREE LICENSES TODAY

The following marriage licenses were issued today by county clerk Loren Martin: Lloyd A. Smith of Connersville and Sylvia Wolters of this city; Charles Harton of Milroy and Leona Thomas of Arlington; James Haley of Greensburg and Minnie McGibbons of Moscow.

## CALLS ATTENTION TO AN INJUSTICE

The Rev. L. E. Brown Addresses  
Letter to Connersville News  
About Misinformation

### REPORTS ALL EXAGGERATED

Rushville Minister Investigates One  
Story and Finds That it is Not  
as Published

The last few weeks the Evening News of Connersville has almost daily published stories concerning Rushville, its Mayor and its police department and about the abusive way in which Connersville residents are treated when they come here. In fact, the Connersville paper on all of those occasions has warned motorists not to come here. In most of the stories, the paper has exaggerated, and in one account spoke of a Connersville man who came here, and just outside of Rushville lost his front license plate.

According to the Connersville paper this motorist stopped his car, picked up the plate, and with it in the front seat, came on into the city only to be arrested for operating his machine with only one plate. He paid a fine, went home and told the whole city about it.

The Rev. L. E. Brown of this city has followed closely the stories appearing in the Connersville News and on this particular occasion he made a personal investigation and found it to be false. He wrote a signed statement to the editor of the Evening News, and in last night's issue, it was mentioned but no name was signed to it, nor was the statement as written by the Rev. Mr. Brown published.

The story that was published is as follows:

"A prominent and much respected citizen of Rushville has addressed the News to, say that he believes injustice has been done in this paper to the Rushville officers, by some of the reports of their recent activities. He speaks especially of the man who claimed to have been fined simply for losing the number from his car, and carrying it with him into the city. The communicant says this man admitted to the Rushville police that he had been running his car that way for a good while, and that he failed

## "Human Fly" Thrills Thousands With Two Daring Climbs Tuesday

Harry H. Gardiner Holds Multitude  
Breathless as He Scales Treacherous  
Walls and With Almost Superhuman  
Power Overcomes Apparently Impossible  
Obstacles.

### FINDS LOOSE TILE IN ROOF

The square packed with a silent multitude!

Every neck was aching, every eye was straining, watching a human figure as it scrambled up the west side of the court house.

The human figure that rose steadily, surely, spider-like, was Harry H. Gardiner, the man who made the fly famous as a climber.

Now he had reached the face of the court house clock. He hesitated, irresolute, picking his way carefully. He started around the oval side of the clock, gripping the numbers on the face of the clock with one hand and the stone with the other.

Apparently uncertain of his way, he hung his white hat on a band of the clock and came back down to the ledge at the bottom of the clock's face.

Again he started up, using much the same method as before. Gradually he worked his way up to the ledge above the clock. Below him was 150

## SOME MINERS MAY NOT OBEY ORDERS

Strikers in Illinois, Iowa, Kansas  
and Oklahoma May Not Return  
to Work

### DISCONTENTED AND SULLEN

Miners Train Leaves Brazil With no  
Miners Aboard—Rail Officials  
Puzzled at Order

(By United Press.)  
Brazil, Ind., Nov. 12.—Miners trains were resumed this morning but no miners went to work in this field.

Chicago, Ill., Nov. 12.—Coal miners in Illinois, Iowa, Kansas, Oklahoma and other states may refuse to return to work without an increase in pay, according to reports reaching here today.

An official of the Illinois district stated that he did not believe the miners in that district would obey the order cancelling the strike.

The vice-president of district thirteen at Des Moines stated that the miners would not return. One hundred thousand miners in the Pittsburg, Kansas, district are discontented. The miners of Oklahoma were considerably sullen.

Indianapolis, Ind., Nov. 12.—The delivery of coal to consignees except by special permit has again been ordered stopped on all Indiana railroads. J. Coney superintendent of the Pennsylvania line in Indianapolis, announced today.

This means that all coal in transit regardless of the provisions of the government priority list for making application with local freight agents, will stand before permission is granted for delivery of coal to them.

Local officials expressed themselves as being very puzzled over the order.

Some reports indicate that the railroad administration believes the miners will not go back to work and others explain that much of the coal in transit has been delivered and the roads are holding the remainder pending the outcome of the union order calling off the strike.

## DEMOCRATIC LEADER DIES

Senator Martin of Virginia Expires  
—Senate to Pay Respect

(By United Press.)  
Washington, Nov. 12.—Senator Martin, Virginia, died today, according to word received by his secretary here. The senate expected to adjourn for short time out of respect to Martin. He was 72 years old and had been serving continuously since 1895, being re-elected four successive times. His present term would have expired March 3, 1925. Senator Martin was democratic leader in the senate. He conducted the administration battle on the floor throughout the war.

## FEDERAL PROHIBITION COMMISSIONER NAMED

John Kramer of Mansfield, O., to  
Have Charge of Enforcing  
Constitutional Amendment

### TO ASSUME DUTIES NOV. 17

(By United Press.)  
Providence, Rhode Island, Nov. 12.—A temporary injunction restraining federal officers in this district from enforcing the war time prohibition act, was issued today by Judge Brown of the United States district court. The order was directed at Harvey Baker, district attorney, and George O'Shaughnessy, collector of internal revenue.

Washington, Nov. 12.—John Kramer of Mansfield, Ohio, today was named federal prohibition commissioner by Commissioner of Internal Revenue Daniel C. Roper.

Kramer will have complete charge of enforcing the constitutional and war time prohibition under the Volstead act recently passed by congress over the veto of President Wilson.

Kramer will assume his duties on November 17. In addition there will be federal prohibition directors in each state. The headquarters of the district including Indiana will be Chicago.

## STATE NORMAL HEAD TO ADDRESS TEACHERS

Dr. C. L. Lord of Charleston, Ill., to  
Speak to Meeting of Rush  
County Association

### SUPT. HINES ALSO TO TALK

Programs are being printed for the Rush County Teachers' association meeting which will take place Saturday, November 22, at the Rush County court house assembly room, beginning at nine o'clock.

The main speaker will be Dr. L. C. Lord, president of the Eastern State Normal School at Charleston, Illinois. Dr. Lord is a speaker of national prominence and will discuss three timely topics which will be of interest to teachers and to the public. The subjects of the lectures are, "What Shall We Do Now?" "Waste in the Recitation," and "Motive in School Work."

State Supt. L. N. Hines will speak in the forenoon at 8:30 o'clock. Mr. Hines is a strong man for the office he holds and he is planning to make his administration count for much in the progress of education for the state.

Notice of the special features of the program will be given tomorrow.

### TO SHUT OFF DEBATE

Washington, Nov. 12.—A move to shut off debate and get a final vote on the treaty was put under way today by democratic senators with the pledge of support of the republicans who desire quick action.

## RED CROSS DRIVE EXTENDED TODAY

A. L. Riggs Receives Telegram That  
Roll Call Will Continue Through  
Next Sunday

### FLATTERING REPORTS HEARD

Many Townships Will Reach War  
Strength—People Waiting For  
Canvassers to Call

\*\*\*\*\*  
Noble township today reported a fifty percent membership in the American Red Cross among the school children and an effort is being made, according to John McKee, township chairman, to have a 100 percent membership by November 15.  
\*\*\*\*\*

"On account of numerous requests the Roll Call will be continued through next Sunday."

This telegram, signed by Clarence Stanley, Indiana manager of the Red Cross campaign for new members and renewal of old memberships, was received this morning by Fon Riggs, county chairman for the drive.

Rush county had not finished its campaign by Armistice Day, the original date for the close of the drive but an effort will be made to have a report from every district in the county by next Monday.

Mr. Riggs today issued an urgent appeal to the workers of the county to do their duty and canvass their districts at once, because he has found that people are waiting for the solicitors to call. Some of them are actually blaming the persons appointed to do the canvassing because they have not called.

Prospects were bright today for Rush county to maintain the record it has—that of having the largest per capita membership of any county in the state. Nothing but encouraging reports are being received at Roll Call headquarters in the recorder's office in the court house.

Joe Pike has reported more than one hundred members in his half of Richland township, and he has not finished the canvass. William Fisher has already reported enough in his half of the township to make the township membership well over two hundred.

Continued on Page Five

## CORNERSTONE TO BE LAID FRIDAY AT 2:30

Appropriate Exercises Will be Held  
at Site of Little Flatrock  
Church Being Built

### BUILDING HAS BEEN DELAYED

The cornerstone of the new Little Flatrock Christian church will be laid with appropriate exercises, Friday afternoon at two-thirty o'clock. The Rev. L. E. Brown of this city will deliver the address, and a big attendance will be on hand to take part in the exercises.

Work has been considerably delayed on the construction, and much time was lost as part of the stone was cut wrong and had to be replaced. The brick has been laid in the back part as high as it will go. The old building has been torn completely down, and a new modern church will be erected on the site.

As a remembrance of the first anniversary of the signing of the armistice, a copy of tonight's Daily Republican will be sealed within the cornerstone, so that in future years when the building is torn down, the people then can read an account of the celebration in this county November 11, 1919.

### Prominent Indiana Women Testify

Lafayette, Ind.—"Dr. Pierce's Favorite Prescription is truly a 'balm' for women. Last summer I just felt down and out. I was terribly pained at times and had very little energy to do my housework. My husband was quite concerned about me and one day brought me a bottle of 'Favorite Prescription.' It is the finest medicine and tonic I have ever known. I would advise other women who suffer as I did to at least give it a trial."

—MRS. MYRTLE DILDEN, 1117 N. 6th St.

### Women When Dragged Down and Worn-out

Lafayette, Ind.—"When approaching middle life I suffered severely but one bottle of Dr. Pierce's Favorite Prescription completely removed my pains and the critical time passed so easily that I was scarcely conscious of it. It is over fifteen years since I took a bottle of 'Favorite Prescription' and I have never had the least sign of weakness since. I think it the most wonderful medicine for women and would advise its use by all women at the critical time of life."

—MRS. S. J. BAKER, 916 Scott St.

Kokomo, Ind.—"Some time ago I felt 'drugged' and worn-out and greatly in need of a tonic when a friend suggested to me to try Dr. Pierce's Favorite Prescription. I had taken other tonics but I never took anything that helped me so quickly as the 'Favorite Prescription.' It was not an unpleasant medicine to take and my whole system seemed to be benefited. I have also used the 'Lotion Tablets' and found them to give just as perfect satisfaction."

—MRS. F. LA FOLLETTE, 410 W. Elm St.

Doctor Pierce's Favorite Prescription is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription for its ingredients are printed on the wrapper. Weak women should try it now. Don't wait! Today is the day to begin.

#### WORK IN M. M. DEGREE

Rush Chapter No. 24, R. A. M., will have work in the M. M. degree Friday evening at 7:30 o'clock.

### FOR ITCHING TORTURE

#### Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Rose Co., Cleveland, O.

### RAINS DAMAGE THE CORN CROP

Much of Grain is Sprouting in Fields and Will Mold Quickly in Crib, Farmers Said.

#### THIRD OF CROP GATHERED

New Danger Arises From High Wind Which Was Expected to Blow Stalks Down.

The rains have caused immense damage to the Rush county corn crop, in the opinion of several farmers who have been interviewed on the subject. They say that the corn has begun to sprout, due to the excessive moisture, and that it will mold quickly in the crib.

Another danger arose yesterday when a strong wind prevailed most of the day. The fields are exceedingly soft and it was expected that much of the corn would be blown down.

Some farmers estimated that only one-third of the crop crop has been gathered. In the last two weeks there have been very few days that a team could be driven into a field sown to wheat because the damage which would be caused to the tender plants. Other fields were so soft that only a half load could be hauled out.

An average yield of 37 bushels per acre is shown in the report of the co-operative crop reporting service for Indiana, which was issued yesterday. Not many Rush county farmers can be found who believe that Rush county's crop will average 37 bushels. The state crop report continues as follows:

"On this figure a total production of approximately \$181,000,000 bushels is indicated, which is nearly 12,000,000 bushels more than the 1918 crop. The feeding value of the crop is much greater than any produced in recent years and all of it matured without frost damage. Ten percent of the crop was cut for ensilage and there are about 7,000,000 bushels of the 1918 crop still in the farmers' hands. Buckwheat, which is rather a small forage in this state, shows a total production of approximately 264,000 bushels and is about an average crop. In many localities the white potato crop was almost a failure and the production for the year is only 4,000,000 bushels, which means that many farmers will have to buy potatoes for home use. Sweet potatoes were very good, but only a little more than 300,000 bushels were produced. The apple crop was one of the smallest ever produced and amounted to only 1,700,000 bushels. The clover seed crop is also one of the smallest ever produced and will approximate only about 75,000 bushels.

The average weight per measured bushel of grain runs rather light as follows: Winter wheat, 55 pounds; spring wheat, 50 pounds; oats, 31 pounds; barley, 45 pounds.

Buckwheat averaged 16.5 bushels per acre, which is 7 of a bushel less than the 10-year average and indicates a total production of 264,000 bushels.

White potatoes only averaged 44 bushels per acre, which is 33 bushels under the 10-year average. A total production of 4,180,000 bushels is indicated by these figures and means that many farmers will have to buy for home use.

Sweet potatoes averaged 105 bushels per acre, which is 6 bushels over the 10-year average. A total production of a little more than 300,000 bushels is indicated by these figures.

Tobacco was a new crop in many localities this year and much of it was set on virgin soil. Many heavy yields were reported and the average is around 800 pounds per acre, which is slightly less than the 10-year average and indicates a total production of a little over 14,000,000 pounds.

Apples only show 19 per cent of a full crop, which is 31 per cent under the 10-year average and indicates a total production of approximately 1,700,000 bushels; one of the smallest crops ever produced in the state.

Clover seed averaged only 1 bushel per acre, which is one-half bushel under the 10-year average. Only 55 per cent of the usual acreage was harvested and on these fig-

ures, approximately 75,000 bushels is indicated and this amount will not supply the state's needs.

Grain sorghum and field peas produced about the average crops both for grain and forage. Grapes production was 71 per cent of normal and pears only 19 per cent. Sorghum cane shows 82 gallons of syrup per acre, which is 11 gallons under the 10-year average.

According to the Government crop report, issued last Saturday, the total corn production for the United States amounts to 2,910,000,000 bushels and is approximately 10,000,000 bushels more than was forecasted last month. There are 72,300,000 bushels of the 1918 crop still on farms.

#### CALLS ATTENTION TO AN INJUSTICE

Continued from Page One

at any time to produce the number, which he claimed later to have.

If the man did this he had slight excuse before the law. Connersville surely wishes to pick no quarrel with Rushville. It does wish that its citizens would be treated with as much consideration by Rushville's police as Rushville's citizens are by the police of Connersville. So long as this is done, this city will never complain.

#### WINS TWO GAMES

Carthage won two games from Arlington high school basketball teams at Carthage last night, defeating the visiting varsity team, 14 to 7 and the second team in a curtain raiser, 15 to 5. Carthage plays at Knightstown Friday night.

All persons who intend to contribute food or jelly to the Lafayette Soldier's home please send same to the home of Mrs. William Bainbridge by Thursday evening as the box will be packed and sent Friday.

### Here's a Fine Tonic, Laxative, Says Druggist

Every other night for three weeks it's your duty to brew a cup of this great vegetable tea—that is, if you want better blood, clear complexion and sparkling eyes.

### Celery King

Get a package today. It costs but a trifle, but as a health builder is worth its weight in gold.

Normal bowel action, perfect working stomach and sweet breath follow its use.

The children drink it and enjoy it, and it's the gentlest acting laxative they can take, especially when they are fretful, cross and feverish.—(Adv.)

### Where Can I Find Relief From Itching, Terrifying Eczema?

#### Question on Lips of Afflicted.

There is a harassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., which acts by cleansing the blood. Get a bottle to-day, and you will see results from the right treatment. Medical advice free. Address Medical Director, 48 Swift Bldg., Atlanta, Ga.

### Elastica Floor Finish

#### (Finishing Old Floors)

The extent to which it is possible to beautify old floors is truly remarkable. Where rugs have been substituted for carpets, the borders or, in fact, the entire floor, can be made to look almost like new. Should the following recommendations not apply to your problems, we shall be glad to give you complete information that will meet your requirements if you will advise us just what particular condition confronts you.

To refinish floors that have been varnished, they should be cleaned thoroughly with soap and water and then washed with clear water.

If the surface is in fair condition, it is only necessary to touch up the worst spots with Elastica Floor Finish. Allow the varnish to become thoroughly dry, then finish with two coats of Elastica Floor Finish, allowing 24 hours between coats for drying. The preceding coat should be sandpapered lightly before the succeeding coat is applied. If the surface is in bad condition, it is advisable to remove the finish with Klens Paint and Varnish Remover. Discolored spots should be bleached out with a solution (oxalic acid 1 1/2 oz. to 1 pint hot water). Wash the surface with clear water and allow to dry thoroughly. Sandpaper to make perfectly smooth and brush away all dust. Then proceed with finishing process same as if it were new wood.

Subject next week: Preserving new and old linoleum and oil cloth.

### Pinnell & Tompkins Lumber Co.

—Rolland Morris and E. L. Atkins of Orange spent yesterday evening in this city, the guests of friends.

—Mrs. Inez Craig was among the passengers this morning to Connersville, where she spent the day on business.

—The Misses Grace Schaeffer and Anna Amos have returned home from a few days visit with friends in Indianapolis.

—E. E. Polk of near Vincennes, who was formerly in the hardware business here, was in Rushville today on a business visit.

—William Wolung and Jess Wolung were among the passengers this morning to Indianapolis where they transacted business today.

—Dr. R. J. Hall and Frank J. Hall were in Dunreith last night at the bedside of their brother, George Hall, formerly Rush county sheriff, who is seriously ill.

—Mr. and Mrs. E. E. Davis and daughter Dorothy and Mrs. O. M. Riegle and Mrs. Lulu Wiggins of Orange attended the Armistice Day celebration in this city yesterday.

—Mrs. Raymond Kennedell of Pittsburg, Pa., who has been visiting Mrs. Ed Chambers for a few days, left today for Columbus, Ind., to visit relatives before returning to her home.

—The Rev. D. L. Aultman and daughter Esther of Cincinnati and Harry Aultman and family of Batavia, O., will spend the week-end with Mr. and Mrs. G. T. Aultman of West First street.

**DAY IS ENJOYED BY A HUGE CROWD**  
Continued from Page One  
sooner than expected.

Gardiner pointed out some of the defects in the court house, when he reached the main roof in the afternoon, qualifying his remarks however, with the statements that he had climbed many court houses in Indiana, but that Rush county's was as beautiful and as well constructed as any he had seen, with two exceptions. He called attention to the loose tile in the roof and the fact that the points on the gables needed fastening because he showed they were loose by shaking them.

The various societies of the county did not respond to the invitations to exhibit their service flags in the parade. Not a single lodge flag was carried in the parade. All represented churches of the county, including all the Rushville churches except St. Marys. The parade was led by the squad of Marines which was here for the day, riding in an army automobile, with a massive, ugly bulldog on top.

Twenty automobiles carried the War Mothers and a few Civil War veterans and members of the Women's Relief Corps rode in a truck, displaying their service flag. Many of the War Mothers displayed individual service flags.

Previous to the climb last night the crowd had a good time with the sparklers which were distributed. Twelve hundred were passed out during the evening.

Although the display of war relics was not as large as many expected it would be, many interesting souvenirs brought home from Europe by Rush county soldiers were shown in the windows of business houses.

Music was provided by the Arlington band and an orchestra from Indianapolis.

**You Can "Feel" a Cold or Flu Coming!**

EVERY little nerve in your body tells you that you are taking a bad cold. You know it—and you also know that you should do something right now to stop it. You know that a cold is dangerous—and might lead to serious illness—perhaps the flu. Get a package of **LIGHTNING LAXATIVE QUININE TABLETS** Will Not Grip or Sicken today—take a few of them according to directions—and your cold will be stopped before you know it. They will not grip or sicken. These excellent tablets work within twenty-four hours. Ask your druggist or dealer—25 cents.

**Red Cross Helps Returned Soldiers In Compensation**

MANY returned soldiers do not yet understand that the government furnishes compensation for mental disabilities as well as for physical. The Lake Division headquarters of the Red Cross, Cleveland, reports that 2,959 men in Ohio, Indiana and Kentucky are being treated for mental disabilities—shell shock and other ailments—either incurred during the period of service or resulting from military service.

In any part of the country a properly established claim for help of this sort will be met promptly. The simplest way of getting such a claim established is through the Home Service department of the Red Cross. Application may be made at any Red Cross office, chapter or branch, and it will be referred to the proper bureau.

**Disaster Relief Work Traditional Red Cross Service to Be Continued**

PREPAREDNESS for disaster relief on a scale never before possible is being undertaken by the American Red Cross as one of the important features of its peace program. Support of this program will be asked in the Third Red Cross Roll Call, November 2-11.

Statistics show that since 1900, disasters of peace-time have brought personal injury to 1,500,000 persons, at the same time destroying property valued at over \$1,000,000. During 1917 alone, eighty disasters were aided by the Red Cross.

This situation demands a preparedness for emergency relief and that is what the Red Cross is to supply. Red Cross chapters everywhere will create disaster preparedness committees that will make surveys locating food, hospital supplies, clothing, buildings for housing refugees, and will also canvass for physicians, nurses and social workers prepared to respond instantly to emergency calls.

In the case of great disasters where the resources of the division in which it occurs is over-taxed, the entire relief strength of the Red Cross in the country may be mobilized through national headquarters.

Red Cross chapters, division offices and the national office are planning to get disaster relief on such a sound basis that it will become nation-wide in scope, and will assure for all emergencies a swift mobilization and application of whatever funds, supplies and experienced workers may be needed.

**ODD FELLOWS NOTICE**

Franklin Lodge will confer the third degree Wednesday evening on a class of candidates. Every member is urged to attend. Visitors will be present.

To stimulate the sale of American made waists and to establish their place as the best in the world the United Waist League of America has inaugurated "Blouse Week" to run from

**Sap and Salt**

By BERT MOSES

No medicine is often the best medicine.

The provoking thing about progress is its refusal to be hurried.

The pill habit is worse than the troubles for which pills are taken.

All men are charming until they are spoiled by praise—and so are all women.

You get what you deserve—whether it be high honors or a swift kick from the rear.

Hez Heck says: "When it comes to being silly, a maiden lady of forty-five strikes 12 when a man squeezes her hand."

self of an unwelcome income tax is to pay it.

Some day, of course, we will know who really started the war. But, in the meantime, somebody did it.

Each day we look expectantly for another illuminating remark from the governor of North Carolina to the governor of South Carolina.

FOR SALE, CHEAP—A perfectly good pair of feet. Shoe leather is too expensive for their retention.

**Amusements**

**Charles Ray as a Pugilist**

A glimpse into the inner circle of the pugilistic world will be given screen lovers who see Charles Ray in his latest Thomas H. Ince production "The Egg Crate Wallop," which comes as a Paramount-Artcraft picture to the Princess Theatre tonight. The story concerns a Western country boy who developed his biceps egg crates as helpers to the express agent at Pitt's Junction. To clear his boss, who is also his sweetheart's father, of a serious charge, he leaves town and secures a job as sparring partner for a pugilist. Later he appears in the roped arena, and lands a knock-out blow, which gains fame as the "egg crate wallop," on the jaw of the man who tried to frame the fight. Through his victory he discovers some things that enable him to straighten out the tangle in his home town and claim the hand of his girl.

Thomas H. Ince has provided an extremely realistic setting. The fight takes place in a ring that is regulation to the last detail. DeWitt VanCourt, who trained Jeffries and Corbett in his day, is referee, and the fighters, besides Charles Ray, include Al Kaufman, Ray Kirkwood, and Izzie Glasser.

**2 Movie Stars at Mystic**

The Mystic offers tonight for its patrons, two well known stars, in a double bill. Gladys Leslie will be seen in a well known stage success, "A Stitch in Time," and Fatty Arbuckle will be shown in "Fatty, the Iceman," which is said to be a scream from start to finish. Tomorrow the 16th episode of Elmo the Mighty will be seen, which features Elmo Lincoln. The name of the episode tomorrow is, "A Parachute Peril," and contains many thrills, which are seen in every episode of this master serial. The episodes are separate, and no relation exists between them, so that those attending tomorrow will see a complete performance.

**News of Colored Citizens**

Miss Ethel Buckner, daughter of Mr. and Mrs. Samuel Buckner, and Jesse Herdspath, son of Mr. and Mrs. Fred Herdspath were quietly married last evening at eight o'clock at the home of the bride in East Eighth street, the Rev. B. J. Coleman officiating. After the ceremony a luncheon was served at the home of the bridegroom's parents in East Eighth street.

**LANDS FROM OVERSEAS**

Alva Noble of Arlington has received word that his son, Private Merrill Noble, has arrived in New York from overseas. He landed Sunday.

**REPRESENTATIVE GOES FROM HERE**

Howard Ewhank Attending National Convention of Farmers in Chicago This Week

**PURPOSE OF THE MEETING**

Organization of State Associations to be Formed—State Convention Next Week.

The Rush County Farmers association is represented by Howard Ewhank, secretary, at the national convention of farmers being held in Chicago today and tomorrow. Officers of the Indiana Federation, the ten directors and many county association's representatives also are attending.

The Chicago meeting has been called for the purpose of perfecting a national organization of the various state associations of farmers which in turn are made up of the county and township units.

It is understood that representatives from twenty-three state associations of farmers will be present at the national convention, but no state will have on hand a more enthusiastic delegation of boosters than the one which will represent the Indiana members of the Indiana Federation of Farmers' Associations, all of which has been accomplished in seven months, is the wonderful record the Hoosier contingent will have to display at the national convention.

The Indiana delegation expects to take an important part in the formation of the national federation of farmers, and if possible have the headquarters of this new body established in this state. It is conservatively estimated that the combined membership of the national body will pass the million mark the first six months of its existence.

With the state convention of the Indiana Federation of Farmers' Associations scheduled for Indianapolis next week at the Masonic Temple, a special committee is to report on the plans outlined at the Chicago gathering, and any action taken by the Indiana delegation will be subject to the will of the delegates attending the Indiana convention. Aside from seventy-seven official accredited delegates to the state convention, there is every indication pointing to a great attendance. Many of the county associations are planning to send from twenty-five to fifty representatives to the meetings all of which are to be open to the general public.

**TWO RESIDENCES SOLD**

Frank Abercrombie has sold his property at 1224 North Main street to Emery Hawkins of Muncie. Mr. Abercrombie has purchased the property of Robert Gardner, 1016 North Main street, who will move to the country. All of the above people will vacate in a few days.

**KNIGHTS TEMPLAR MEETING**

Rushville Commandery No. 49 K. T. will confer the Red Cross degree upon a number of companions Wednesday evening preceded by drill practice for the inspection on Nov. 25th.

**Women Need Swamp-Root**

Thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pains in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Rushville Republican.—(Adv.)

**Our Daily Laugh**

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

President Neilson of Smith College, is both broad in his views and of ready wit. His job is to preside over the destinies of sweet girl undergraduates entirely. Now and then he likes a quiet smoke. Once on a lecture tour, he entered the smoking compartment of a Pullman to indulge in the weed while thinking over his next speech. There happened to be another occupant—a traveling man.

"Sit down brother," was the greeting of the knight of the suitcase. "My line's shoes, What's yours?"

"Mine's skirts," dryly commented the dignified Prexy.

**CASH PRIZE OFFER:** A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

**MARRIAGE LICENSES**

The following marriage licenses were issued yesterday afternoon: Jesse Herdspath and Ethel Buckner, daughter of Mr. and Mrs. Samuel Buckner, both are colored people of this city, and to Tiberius L. Jones, a doctor of Kansas and Mary Louise Poe, daughter of Mr. and Mrs. Jess Poe of this city.

Andrew Johnson was elected senator, after having been president, but died before serving.

**NEGLECTING THAT GOLD OR COUGH?**

Why, when Dr. King's New Discovery so promptly checks it

IT'S natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, gripe, croup does not resist this standard reliever very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 50c. and \$1.20 a bottle at all druggists. Give it a trial.

**Constipated? Here's Relief**

Not that often harmful, always violent and temporary help that comes from harsh purgatives, but the comfortable, gratifying, corrective regulation of stubborn bowels so pronounced in Dr. King's New Life Pills.

Tonic in action, they promote free bile flow, stir up the lazy, thoroughly but gently cleanse the system of waste matter and fermenting foods, and give you keen zest for hard work and healthful recreation. All druggists—25c.

The shoes you get anywhere are just—shoes.  
The shoes you get here are Shoes—with a capital S.  
The same difference exactly as between society and Society.  
You know what we mean when we fit a pair of our shoestoyourfeet—andyou'll realize that shoes with a capital S don't necessarily mean Price with a capital P.

Alva Bilby and A. H. Rieman, Treas.

Frank McCrory, Clerk.

**LLOYD NAYLOR**

Lunch Served by Falmouth Ladies' Aid.

**DON'T SUFFER WITH NEURALGIA**

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—colds of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size \$2.50.

REVIVAL OPENS SUNDAY

The Christian church of Orange will begin evangelistic services next Sunday evening. They will continue every night for two weeks. The Rev. Mr. Shreve of Connersville will conduct the services.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F.M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

RED CROSS DRIVE  
EXTENDED TODAY

Continued from Page One

Wiley McKee of Milroy, Anderson township chairman, has sent word that Anderson will not fail but will report seven or eight hundred members before the campaign closes. One section of Posey township has reported almost war strength and expects to go above the number enrolled during the war.

Dave Alter, Orange township chairman, says that his township state only amounted to a little more will do much better than expected and word comes from John McKee of New Salem, Noble township chairman, that prospects for a good membership are very flattering.

"If you can't canvass your district, turn the matter over to your neighbor who can," was the word Mr. Riggs had today for solicitors who had not "turned a wheel" today. "There are plenty of block areas in Rushville which will be one hundred percent if the canvassers will call on the people. They are ready and waiting.

On the other hand, Mr. Riggs advised persons who wished to renew their memberships and had not been solicited, to look up the canvasser in their district and pay, or send their check to Miss Nora Sleeth, county vice-chairman, at headquarters, and will be credited to the proper district and township.

"Everyone who was a member before should feel it his or her duty to renew their membership," said Mr. Riggs, "because the Red Cross

SPLENDID AUDIENCE OUT

Hears Sermon by the Rev. W. N. Briney at Christian Church

A splendid audience at the Main Street Christian church last evening listened to a most excellent sermon on "Discipleship" by the Rev. W. N. Briney. Homer Cole sang a beautiful solo. The subject of the sermon this evening will be "A Bad Boss" and Mrs. Earl Moore and Miss Wanda Wyatt will sing a duet. The Rev. Talmadge DeFrees, pastor of the Little Flat Rock church, was present with a number of his members and people were there also from Arlington, showing the services are growing in interest.

has just as great a mission in peace as in war."

Persons who belong to the Red Cross are urged to display their membership flags in the window. It is also pointed out that old members can't escape renewing by wearing old buttons because the new buttons have "1920" on them.

The Red Cross received the first donation of the Roll Call drive this morning when John Walker, who gave a dance in the Modern Woodman hall last night, contributed \$10 as the share of the proceeds, going to the Red Cross.

"Human Fly" Thrills Thousands  
With Two Daring Climbs Tuesday

Continued from Page One

and shoulders rose, pulled up by the powerful arms, and the right arm crooked up over the ledge. Again the quick, jerking movements and the trunk of the body slipped over the ledge, apparently drawn by some superhuman force—it did not seem possible a human could pull himself out of such a position.

One, last little movement and the left leg swung up on to the ledge and there lay the "Human Fly" wiping the perspiration from his brow.

Gardiner performed the impossible twice yesterday. He scaled the walls of the court house by the same route at night, under the glare of two strong spotlights which were constantly searching the walls and roof of the building to show him the way.

He didn't go to the flag pole. If a vote had been taken by the thousands of people watching breathlessly, it would have been unanimous in advising him not to take any further risks. In the opinion of everyone in the crowd, he had risked his life enough in one day, for a man with a wife and three children at home.

Gardiner climbed to the ridge of the west gable in the roof of the tower. There was but one path to the pole and that led over the tile roof. As he slipped along the ridge of the gable toward the incline to the pole, Gardiner picked up a loose tile from the roof and made a motion as if to throw it down on the crowd.

The "Human Fly" has often said that his greatest risk was the man who built the building. This time it was the man who put on the roof of the court house less than two years ago. Evidently he forgot to nail down several tile on the roof of the tower. Gardiner announced that he would not risk his life on the loose tile at the afternoon performance, but said that he would go to the pole at night if he could find a way to overcome the obstacle. But he found no way—and every one breathed a sigh of relief when, standing on the ridge of the tower gable last night, he announced that he would not go on to the pole.

Dressed in a natty white duck suit, white tennis shoes, rubber soled, with the bottom of his trousers caught with rubber bands, Gardiner appeared a slight figure of a man, apparently in the early twenties rather than close to the half-century mark.

He is five feet, seven inches tall and weighs 150 pounds. He has dark brown hair and brown eyes, square chin with a cleft of "dimple" in it, and somewhat prominent nose. He wears glasses, even while climbing.

He is very affable in his manner and his accent hints of the south, where he was reared. On the street he would be passed by without attracting a casual glance and the only thing striking about him at close range is a cat-like sureness of movement and poise of manner which bespeaks self-confidence and self control.

Washington Labor Conference May Slight Japan's Interests, the Premier Fears

HAVE LEFT FOR AMERICA

Premier Says Conference Should Try to Discharge Their Mission Satisfactorily

(By United Press.)

Tokyo (By Mail)—"Japan's prestige and interests are at stake at the Washington labor conference," was Premier Hara's statement at a luncheon when he entertained Uchi Masumoto and other members of the labor delegation about to leave for the United States.

The reference made by the Japanese premier to Japan's prestige, was taken to refer to her commercial ability to undersell America on account of lower production costs through cheaper labor.

"The labor covenant under which the forthcoming labor congress will be held, will become an absolute law with the ratification of the peace treaty," the premier said. "The delegates of all countries will no doubt bring forward propositions based on conditions in their countries and there is absolutely no reason for the difference in the condition of various countries affecting any country in the least.

"It will be a matter of course that the delegates for the employers should endeavor to protect their interests and those of the workers should do the same. It should be borne in mind, however, that in doing so they must not lose sight of the existence of the State.

"In the peace conference at Paris, Japan has been sitting as one of the five great powers and it is a matter of course that the same right and position will be accorded to the Japanese delegates at the Washington labor congress.

"Our delegates should remember Japan's prestige and interests which are at stake and at the same time they should try to satisfactorily discharge their mission which is of world-wide significance."

# K. P. DANCE

For K. P. and invited guests  
Strictly Invitational  
Good Music

# THURSDAY NIGHT

Mrs. Sarah Giffin will be hostess for the O. N. T. club tomorrow afternoon at her home in North Morgan street. All members are requested to be present.

About seventy-five couples attended the dance at the Modern Woodman Hall last evening. A Milton orchestra furnished the music. Guests were present from all of the nearby cities and towns.

A reception for the new pastor of the First Presbyterian church, the Rev. George F. Sheldon, and his family, and will be held in the church parlors tonight at 7:30 o'clock. Members of all other congregations of the city as well as all friends of the church are invited to attend and help welcome the new minister to Rushville.

Miss Ada McConnell, daughter of Mr. and Mrs. James M. McConnell of Glenwood and Fred W. Posey, son of Mrs. William Posey, living west

of the city, were quietly married Saturday afternoon at the First Methodist church in Connersville, the Rev. J. W. McFall officiating. They will live on the Posey farm west of this city.

Honoring Miss Frances Frazee, of this city, a bride-elect, Miss Essie Mae Frazee of Connersville entertained twenty-seven guests with a seven o'clock dinner party last evening, at her home in that city. The color scheme of yellow and white was used in the decorations of the dining room. During the evening the announcement of the coming marriage of Miss Essie Mae Frazee to Frank Zuecker of Chicago was also announced. Those from this city attending were Mrs. John P. Frazee, Jr., Miss Dorothy Frazee and the honored guest, Miss Frances Frazee.

A quiet wedding was solemnized this morning at 11:00 o'clock at the Main Street Christian parsonage, when Miss Sylvia Walters, daughter of Mr. and Mrs. Eddie H. Walters, was united in marriage to Lloyd A. Smith of Connersville the Rev. L. E. Brown performing the ceremony.

The bride was dressed in a dark blue coat suit and carried a bouquet of pink roses. The young couple left immediately for a wedding trip to Cincinnati and after December first will be at home to their friends in Connersville. Miss Walters is well known in this city and is a talented vocalist. Mr. Smith is an employee of the Central Manufacturing Company of Connersville.

Miss Edna Bever, daughter of Mr. and Mrs. Hayes Bever, was pleasantly surprised by a number of her friends Monday evening, at her home near New Salem, the occasion being in honor of her nineteenth birthday. The guests enjoyed an oyster supper and the remainder of the evening was spent in dancing. The guests were the Misses Kathleen McKee, Lou Moore, Marian Sefton, Theba Moore, Ruby Stewart, Louise Sipe, and Lon Moore, Stanley Stewart, Carl Perkins, Garrett Ricketts, Russell Logan, Edward West, Claude Dawson, Mr. and Mrs. Will McKee and sons Donald and Lawrence and daughter Geraldine, Mr. and Mrs. Mont Stewart, Mr. and Mrs. John McKee and son John Fletcher, Jr., and Mr. and Mrs. George Bever.

James Haley of Greensburg was married today to Miss Minnie McGibbons of Moscow, the ceremony being performed in the county clerk's office in the court house by the Rev. C. S. Black of this city.

A quiet home wedding was solemnized at high noon today at the home of Mr. and Mrs. Jesse Poe in North Morgan street when their daughter, Miss Mary Louise, was united in marriage to Dr. T. L. Jones of Wakefield, Kansas. The spacious rooms were beautifully decorated in the color scheme of yellow and white, chrysanthemums being the flower used. The bride looked lovely in a tulle chiffon velvet suit and carried a bouquet of brides roses. The Rev. C. S. Black performed the ceremony. Only the immediate relatives were present.

Immediately after the ceremony a four course wedding dinner was served at the bride's home, the same color scheme being carried on in the repast. Mr. and Mrs. Jones left this afternoon for a wedding trip to Memphis, Tennessee, after which they will be at home to their friends in Wakefield, Kansas.

The bride is a talented musician,

having been on the Chautauqua platform this summer with the Jesse Pugh Company. She is also a graduate of the local high school and is a member of the Psi Iota Xi sorority. Dr. Wakefield is a practicing physician.

The out-of-town guests present for the ceremony were Mrs. Rena Warner, of Indianapolis, H. L. Munnal of Memphis, Tenn., and Jeff Moran, of Middletown, Ohio.

## Took Only Liquid Food For Months

So Weak Couldn't Raise Head From Pillow—Is Well and Strong Now.

I suffered for twelve long years, and was operated on five different times and had the very best treatment money could get, but I never got any relief until I commenced taking Tanlac," said Mrs. Eliza Maggs, who lives at 6211 East Washington St., Springfield, Ill., while talking to a Tanlac representative the other day.

"When they took me home from the hospital the last time," she continued, "I only weighed seventy-five pounds, and my family and friends had given up all hope of my ever getting well again. I was actually so weak I couldn't raise my head from the pillow. I was suffering from a general nervous breakdown, and my stomach was in such bad condition that for months and months I took nothing but liquid food. I had cramping spells nearly every day and the pain was often so great I could hardly stand it. Then, too, I suffered a great deal with pains across the small of my back. My nervous condition kept me from ever getting a good night's sleep, and of course this was very much against me. I was very much discouraged over my condition, and all I could do was just lie there in bed and suffer day after day.

"While I was in this condition, a friend of mine who called to see me told me that she wanted me to get a bottle of this medicine and try it. I really thought it seemed foolish for me to take an advertised medicine after all the treatment I had been having. However, my husband brought home a bottle and I commenced taking it. Well, I hardly know how to tell you about the wonderful relief that came to me soon after I commenced taking this medicine. It really seems more like a miracle to me than anything else. Why, in just a short time I began to get hungry, and when I ate anything I didn't suffer from it afterwards. Of course, this gave me strength, and before very long I was able to get out of bed and sit up a little every day. Then in a short time I was able to stay up all day long and when night came on I could go to bed and sleep just fine all night. I haven't had a single setback since, and now I am a perfectly well woman again. I have no signs of my former troubles at all. I have gotten back all I lost in weight, which is over twenty pounds, and have completely regained my strength. I feel that I owe it to the world to tell that this wonderful medicine has done for me, and I never lose an opportunity to tell my friends and acquaintances about it."

Tanlac is sold in Rushville by F. Johnson & Co.; in Milroy by Dalis Copper; in Manilla by Geo. J. Snow, and Arlington by Mrs. L. T. Davis.—(Adv.)

Starch factories at Oswego, N. Y., and Glen Cove, Long Island, are the largest in the world.

## CHURCH INSURES ITS CONGREGATION

Charleston Minister Sees Membership Lag so a New Plan is Tried to Increase It

HAVE TO REBUILD CHURCH

Members Given Life Insurance Policies Which Pay for Sick, Needy And at Death

Charleston, S. C., Nov. 12.—A practical plan to persuade members to attend church services and support church work has been found here in the insurance plan put into operation by Rev. A. E. Cornish, rector of St. John's Episcopal Mission.

In the two months the plan, whereby the church insured its members, has been in operation the membership of the church has increased to such an extent that plans are on foot to raise a \$50,000 fund for building a larger church.

Early last summer Rev. Cornish found the members falling into apathy. Attendance was falling off and the vestry was becoming alarmed at what seemed to be a sure slow death for the parish. The pastor hit upon the idea that to induce members to take an interest in the church he would have to give them something to do.

Calling his leading members into council with him, he laid before them the plan to tax each working man and woman in the parish one day's wages a month. All others should pay \$1.00 a month each it was decided. With this fund he proposed to pay benefits to the sick, the poor and needy and to relatives of members who died.

The scheme was declared workable and put into operation. During the first month 54 members subscribed. In the second month the subscriptions had mounted enormously until now Rev. Cornish declares interest in church work and social service are at the highest point.

Members over 70 years old get pensions of \$2.00 a week. Those ill receive \$5.00 a week. Relatives of dead members are given \$100.00 each.

Interest is such that now Rev. Cornish has undertaken to obtain the church building fund by selling 1000 \$50.00 bonds payable in cash or in installments. Other plans including a nursery have been proposed by women members.

POINCARÉ GOES TO SCOTLAND.

London, Nov. 12.—President and Madame Poincaré with their staff left London today for Glasgow, where various civic festivities have been arranged in their honor. They will stay the night at the palatial residence of Lord Blythswood, and tomorrow the president will be installed Lord Rector of Glasgow university. The distinguished travelers were accorded a hearty send-off from Euston Station. The president returns to France Friday.

Pours 400 Gallons of Aged Wine Out on the Ground  
Columbus, Ind., Nov. 12.—P. E. Wills of Elizabethtown, after concluding upon a definite plan for disposing of 400 gallons of aged wine which he had stored in his cellar. He emptied the cellar of the entire stock and poured it out on the ground. The wine was made from grapes grown in Wills' vineyard and was valued at more than \$1,000 before prohibition became effective.

## GUARANTEE

## WHAT IT MEANS

The lawful meaning of the word "guarantee" is this: The guarantor and the person receiving the guarantee become parties to a contract. The third party to this contract is the article guaranteed. When the Spreader is guaranteed for five years against all flaws and defects, etc., in workmanship or material or construction, this MEANS something and becomes a real PART of this modern machine.

Our guarantee is issued on a special form provided by the factory and goes to the factory for official signature and to be made a record of. This is REAL protection.

I don't want to sell you the "RUSHVILLE SPECIAL" Spreader because of the guarantee alone, but this guarantee should show you that you are protected and that the builders know what they can do and are prepared to do it.

The reason the "RUSHVILLE SPECIAL" Spreader can be guaranteed in this manner is because of the style of general construction and because the factory that builds it makes every part and piece that goes into it. This factory is not an assembling institution, but a real manufacturing plant.

We want to again emphasize the fact that this spreader is selling as cheap and perhaps more cheaply today than it will be in many, many months to come. Don't therefore, delay your purchase. Buy it now—immediately. Take advantage of what it can do for you. Don't put off this good thing. It won't pay. Come in and see the "RUSHVILLE SPECIAL" Spreader.

C. H. Tompkins

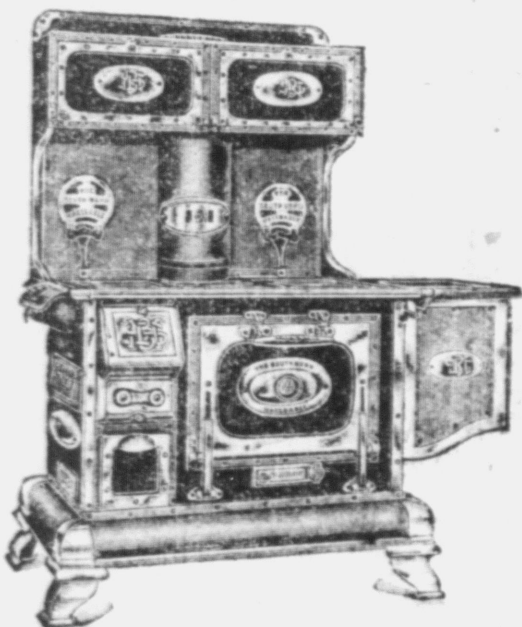

RUSHVILLE, IND.

## We Want You to buy the Best Range Ever Made

Before placing it for sale in our store we compared it point by point with other first-class ranges, and found it to be the best. This range is—

**The SOUTH BEND**

## IOWA'S DINNER PAIL IS FILLED

Grain Elevators Are Chucked Full and There is Plenty of Money in The Banks

### CONTRAST IS TO LAST A YEAR

Industrial Strife of The Last Year Had Little Effect on Iowa's Living

(By United Press.)

Des Moines, Ia., Nov. 12.—Picture in your mind grain elevators taxed to capacity and banks bulging with money—that is Iowa and the "food basin" of today. Make another mental picture, this time of grain elevators partially filled and banks with money vaults nearly empty—that was the Iowa of 365 days ago. The former represents Iowa in peace time and the latter in war.

In industrialism, it was but a short step, from war to peace time in Iowa. This state boasted of few war plants and these resumed manufacture of their peace time products, shortly after peace began.

In Des Moines, the city's principal war industry—a saddle factory—now manufactures gloves. A munition plant located at Marshalltown, and counted one of the state's largest war industries, has resumed manufacture of farm implements.

Living costs, in general with the remainder of the country have kited to unheard of levels since hostilities ceased. Surveys by various state organizations, have revealed that food costs have advanced 25 to 50 per cent throughout the state during the last year, while the increase in the cost of clothing has averaged 25 to 50 per cent.

The high cost of living has united the farmer and laborer of Iowa. Today there is being organized a chain of co-operative grocery stores throughout the state, which labor and farmer organizations have supported financially. The farmer is bringing his products to these stores and the laborer is buying earload lots of groceries in an effort to defeat the high cost of living.

The industrial strife which has raged throughout the country for the last year, has had little effect upon Iowa. Strikes have been an almost unknown occurrence in the state.

Iowa will probably escape unscathed from the industrial battle confronting the country, Governor W. L. Harding said. The war has made the state stronger, industrially and commercially, predicting a bright future for Iowa and the midwest.

## FIRST REUNION OF AVIATORS IS HELD

Idea Was Suggested by Officials of American Flying Club as Get-Together Celebration

### SEVERAL CAME BY AIRPLANE

New York, Nov. 12.—Prizes won by flyers in the Trans-Continental Air Race were distributed at the first annual reunion and dinner of aviators—army, navy, postal and civilian—here last night.

The idea was first suggested by officials of the American Flying Club, under whose auspices the event was held, as a get-together celebration of former service flyers on the first anniversary of cessation of hostilities. The proposal grew in favor, however, until it now includes birdmen of all branches of the service, those who have been mustered out of the service and have returned to former occupations, and those who have entered the field of commercial aeronautics.

Several flyers arrived here by airplane from various flying fields to attend the dinner. Major Maurice Connolly, who is in charge of the arrangements, said that a fleet of six ships came from Langley Field, Va. Other flyers came from Boston, Dayton, Chicago, Cleveland, Washington, St. Louis, Detroit and Mineola.

The oldest watch factory in the United States and the largest in the world is at Waltham, Mass.

## County News

### Jackson Corner

Mrs. Lon Lewis and Mrs. Tom Powell of Rushville spent the weekend with the Misses Flossie and Zula Jackson.

Mr. and Mrs. Charles Caldwell and family were surprised at their home last Wednesday night by about sixty of their neighbors. An enjoyable evening was spent with music and games. Fruit was served during the evening.

The Needlework club was entertained by Mrs. George Sweet last Wednesday afternoon. The hours were spent over needlework and during the social hour dainty refreshments were served.

Ivan Mohler, Mrs. Nell Merritt and Mrs. Bertha Gordon are ill at their home in this vicinity.

Mr. and Mrs. Harry French spent Sunday afternoon with Mr. and Mrs. Alfred Gordon.

Mr. and Mrs. Cora Kiser and family spent Sunday with Mr. and Mrs. Francis Thatcher and family.

Mrs. Sherman Hill and children of Greenfork spent a few days last week with her parents Mr. and Mrs. Bert Miles.

Mr. and Mrs. Clyde Fry attended the birthday anniversary of John Overhiser at Indianapolis Sunday.

Mr. and Mrs. Barnes Charming of Connersville visited Mr. and Mrs. Allen Cloud Sunday.

Mr. and Mrs. Will Dobbins and daughter Chloe, Mr. and Mrs. Jake Myer and Mr. and Mrs. George Sweet were entertained at dinner Sunday by Mr. and Mrs. Fred Lightfoot.

Mr. and Mrs. Charles Caldwell and family and Mr. and Mrs. Thomas Heck attended a pitch-in dinner Sunday at the home of Mr. and Mrs. Elmo Hires at Glenwood.

Mr. and Mrs. Oscar Gordon, accompanied by Mr. and Mrs. Ben Luther, motored to Muncie Sunday and called on Miss Anna Ging.

## Foley's Honey and Tar COMPOUND

LOOSENS THE PHLEGM AND MUCUS, clears the air passages, coats inflamed and irritated membranes with a healing and soothing demulcent, eases hoarseness, stops tickling in the throat and makes refreshing, restful sleep possible.

### Banished La Grippe Coughs

Lewis Newman, 508½ Northrad St., Charleston, W. Va.: "I am glad to tell you that Foley's Honey and Tar is the best remedy for lung trouble I have ever used. I have been down sick ever since January and nothing would do me any good. I was full of cold. I had the grip all winter until I got two 60c bottles of Foley's Honey and Tar. I used 1½ bottles. I am glad to say I can't feel any more cold in my chest."

Foley's Honey and Tar Compound gives prompt relief from coughs, colds, hoarseness, tickling throat, whooping cough, spasmodic croup and bronchial coughs.

## Eat Well and Feel Well

### By Taking Vinol

It creates a hearty appetite, aids digestion, creates thousands of new red blood corpuscles, the glow of health replaces pallid cheeks, anaemia disappears and strength and vigor returns.

### These Letters Prove It

West Chester, Pa.—"My blood was so poor that I had skin eruptions and was weak, nervous and could not sleep. My mother wanted me to try Vinol. It purified and enriched my blood, gave me a good appetite, my nervousness has gone, and it has built up my whole system. I can surely recommend it to others who need a good blood tonic."—MRS. EDWIN S. GUTHRIE.

Kenton, Del.—"I suffered from a nervous, run-down condition and no appetite. I keep house and live on a farm so had to keep about my work as I have five in the family. My druggist recommended Vinol as the best medicine for my condition. It has given me a good appetite, and I sleep better and feel stronger in every way."—MRS. J. HERMAN WILDS.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol. Your money will be returned if Vinol fails—

### This Building Pays Dividends

Good farmers found out long ago that the better livestock is housed the more it pays for its keep. A good barn, whether it be for dairy cows, mixed stock, grain storage, or general purposes, is a farm structure that never fails to pay dividends on the investment.

#### Build the Barn You Need

The barn shown in this cut is a big, complete, thoroughly modern structure. We have blue prints and working plans for it, and can give you complete and accurate cost estimates. If this building is too large for your needs, we have others, smaller in size, that may just suit you—and we have the plans for them, too.

WE GIVE THE VALUES & GET THE BUSINESS

What's all this talk about \$100 Suits and Overcoats?

—We haven't any. Some of the talk heard these days reminds us of Mark Twain's famous remark: "The reports of my death have been greatly exaggerated."

—We advise the average man to pay from \$40.00 to \$55.00 for his Winter Suit or Overcoat—this for economy sake. But we want to say right here that a good Suit or Overcoat—one with style and merit—can be bought from us at \$25.00 and \$30.00. Right now we have a Big Drive on.

Young Fellers' Club  
Suits and Overcoats  
at **\$35**

Hundreds of others in extreme and conservative cuts at \$40, \$45, \$47.50, \$50, \$55, \$60 and \$65.

The prices on our furnishings are based on a volume of sales—"Quick Turn Over" and "Small Profits." Mr. Knecht who has just returned from the Eastern New York Markets advises Xmas buyers to shop early. For he doubts the ability to fill the demands this season.

You'll be happy to give him a pair of our Tan and Gray Cape Leather Gloves at \$2.00 up.

Also Jersey, Wool and Mocha Gloves at 50c up.

Values like these don't make the dollar bill look like such a faker.

A marvelous range of Young Men's Silk Neckwear at 75c up.

Never in our history have we offered a finer value.

The increase in sales proves it.

Silk, Madras and Crepe De Chine Shirts of distinction and service.

Crepe De Chine Shirts at \$10.00 and up.

Tub Silk Shirts, good quality at \$7.50 and up.

Madras Shirts \$1.50 up.

IF WANTED! Every purchase will be laid aside until Xmas and put up nicely in a Xmas box.

## INDUSTRY GROWS DURING PAST YEAR

Statistics Show That Eastern Business Has Thrived Since Peace Was Declared

MANY BUSINESSES BOOMING

Philadelphia Especially Has Taken Big Jumps in Manufacturing Belt

(By United Press.)

Philadelphia, Nov. 12.—Since peace came a year ago an unexpected industrial awakening seems to have spread over this section of the manufacturing belt, in spite of the unrest and uncertainty of the present time.

Although the Philadelphia Chamber of Commerce, which has made a survey of industrial conditions and business generally in this locality, claims it is hard to make a general statement of the situation because of the diversity of business handled in this district an increased production is reported in 7 out of 10 concerns in this city alone.

The most tangible evidence of the boom is noticed in the housing situation. The Chamber of Commerce announced more than 30,000 homes are needed to house the overflow population in Philadelphia which constitutes approximately 200,000 additional inhabitants.

Real estate men, to account for this, point to the shipyards where practically no let-up has been seen since the ending of the war and a steady force has been maintained. The shipyard worker filled a gap in the population made by men who went away into the service and when these men returned the shipyard men remained.

But prosperity in one industry has been accompanied by decline in the productive activity of others. The Brill Car Company, which manufactured transportation facilities for the government, has noticed the change to peace production more than its sister company, the Baldwin Locomotive Works, one of the staid branches of industry.

In some lines, particularly castings and fittings, a large foreign trade has loomed on the horizon and added to the business that existed before the war, are the new foreign markets that have grown up unexpectedly over night.

Another line—rugs and blankets—has thrived, according to James Dobson of the Dobson mills, who said, "We were as busy as could be during the war on government supplies, and we are just as busy today on our civilian business. We are employing a larger force now than during the war."

The only serious handicap many manufacturers face, it was pointed out, is the shortage and increased cost of raw materials.

Withal, there seems to be no set standard. A good week is offset by a dull week they say. "Business as usual," is a slogan that has died with the war and in every line of business the most unexpected things have happened.

## ELLIS ISLAND IS CROWDED WITH REDS

Alleged Anarchists are Awaiting Deportation—37 More Prisoners Taken in Raids

THEIR CLAIMS INVESTIGATED

(By United Press.)

New York, Nov. 12.—Ellis Island is crowded with alleged reds awaiting deportation, according to immigration officials today.

This statement was informally made to explain why they conducted in police headquarters the examination of 37 additional prisoners taken in raids by police yesterday. They refused to say why many deportees were held at the island.

Prisoners taken yesterday, generally claimed they had entered this country illegally in order to be deported rather than to face charges of criminal anarchy.

To determine as to whether their claims were true, was the reason why the officials examined them.

## Safe Milk

From Sanitary Dairies—From Inspected Cows

You know you get a safe milk when you get Van Camp's.

The dairies are sanitary, the cows are inspected.

Then after evaporation—after the cans are sealed—the milk is sterilized.

The dangers which lurk in ordinary milk never exist in Van Camp's.

### Extra-Rich Milk

In Van Camp's you get milk from healthy, high-bred cows. Every milking is tested for the butter-fat.

Then we reduce it to double richness by taking out more than one-half of the water.

Van Camp's Milk comes to you as a cream. Dilute it one-half and you have rich milk. For cooking you have a whole milk, where you usually use skimmed milk.

### Economical Milk

You get in Van Camp's economical milk.

There is no waste. It comes in small cans and large cans. Open little or much as you wish.

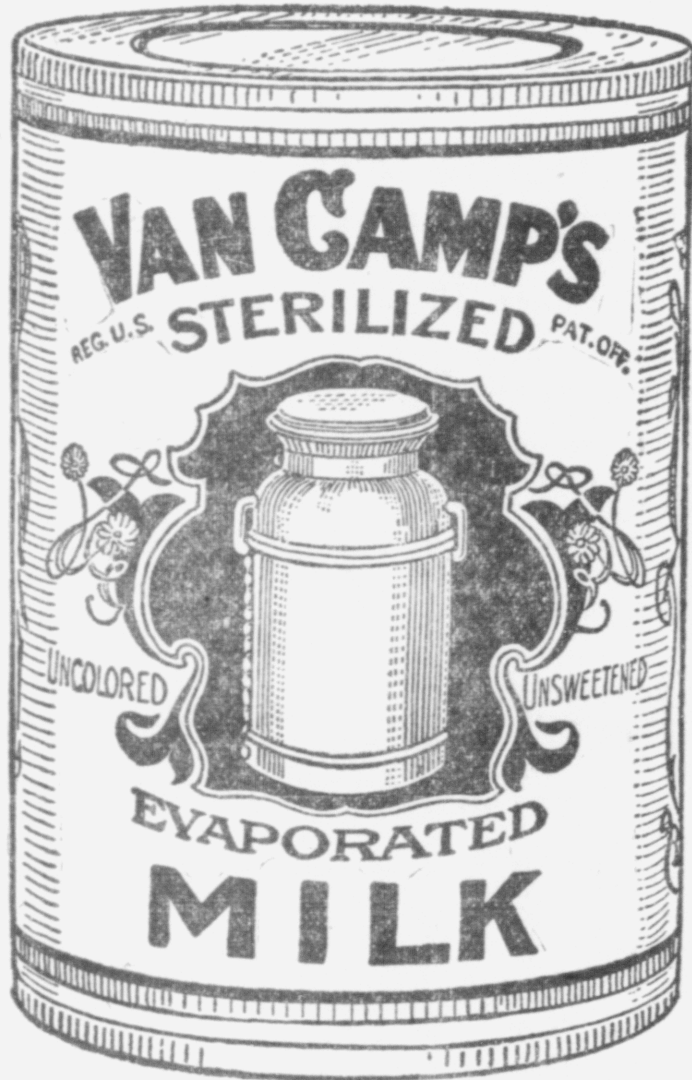

\* \* \* \* \*

You never run short of milk, never run over. You have milk for every emergency, but none to throw away.

### A 20-Year Product

We have spent 20 years to make Van Camp's the finest milk sold in America. The ablest milk experts have helped us. We have bought high-bred cows, built model condenseries and established sanitary dairies.

Now millions of homes get better milk than they ever had before. We urge you to join them.

"The Cow in the Pantry"

## Van Camp's Milk

Rich, whole milk, reduced to double richness by low-heat evaporation

Sealed at model condenseries in Seven great dairying districts by

Van Camp Products Company  
Indianapolis, Ind.

## ESPIONAGE ACT IS UPHELD BY COURT

Action is Taken by Supreme Court in Case of J. Abrams, Convicted by Lower Court

CIRCULATED LEAFLETS

Washington, Nov. 12.—The supreme court held yesterday that congress did not exceed its authority in enacting the espionage law.

The action was taken to uphold the decision of the court against J. Abrams and others who were convicted of circulating revolutionary leaflets in Manhattan.

The leaflets in general urged the American workers to overthrow the government and join the Russian soviets.

Signed by the rebels, the pamphlets urged a general strike because the president had not recognized the Lenin-Trotsky government.

In making the decision the court indicated a strong sentiment in upholding the department of justice in its campaign against the revolutionists.

## URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

**Says: Inflamed Nostrils Invite Influenza**

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

**Important Reminder:** Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

is the dentrifice that contains the properties recommended as ideal by United States Army Dental Surgeons

## Hog Cholera

We do not claim that ACME WORM BOUNCER will cure hog cholera or any swine plague. But pigs and hogs that are not loaded with worms are not apt to take disease.

TEN PAGES TODAY

## DAY IS ENJOYED BY A HUGE CROWD

Ten Thousand People Participate in  
Armistice Day Celebration Here  
Tuesday

### GARDINER BIG ATTRACTION

Col. Robert A. Tyndall Makes Brief  
Talk in Afternoon—Weather  
Proves Ideal

Ten thousand people took part in the celebration of the first anniversary of the ending of the war here yesterday. Many were of the opinion today that it was the biggest crowd ever in Rushville.

There was a solid mass of people on the west side of the court house, which spread over First and Second street and all along Main street from First to Second, both yesterday afternoon and last night when Harry H. Gardiner scaled the wall of the court house. Besides, every window here a view of Gardiner was obtained, was packed with people.

The weather was ideal and the program went off smoothly, although Colonel Robert A. Tyndall, former commander of the 150th Field Artillery, did not arrive in time to speak at the hour assigned to him on the program.

Col. Tyndall came from Minneapolis at a great sacrifice to keep his engagement, and the fact that he made his word good, though he had to leave the American Legion convention, was the source of much honorable comment.

The reception committee met every train but somehow Col. Tyndall slipped into Rushville unannounced and he was taken to the office of A. Riggs, a member of the committee.

The former leader of the Indiana regiment was introduced by Judge Will M. Sparks and made a short address to the people who could get within hearing distance of the platform from which he spoke. Col. Tyndall dwelt on the achievements of the Indiana soldier in the war and described the part the 150th, which was the only distinctive poster regiment in the war, played the big offensives toward the end of the war. After his address, Col. Tyndall was entertained by Robert Mansfield and left early in the evening for his home in Indianapolis.

The committee of former soldiers which held open house for all ex-service men, did a rushing business this afternoon pinning the distinctive mark, a small piece of white ribbon, on each one who called. One hundred and six Rush county men who served during the war registered in book which the committee had for that purpose, giving their names, present address and the company and regiment with which they served.

Many former soldiers also enjoyed the hospitality of the Salvation Army, which served doughnuts and coffee free to all service men. The Salvation Army passed over the counter about eleven hundred doughnuts and twenty-five gallons of coffee during the afternoon and evening. Except soldiers paid and in this way the Army made between \$20 and \$25.

Although the parades did not come up to expectations, everyone seemed to have a good time and the climb by Harry Gardiner proved to be as good an attraction as it was advertised to be. The thousands who saw him in his perilous climb admitted that he did more than they expected. Gardiner took plenty of time in making the first climb in the afternoon, feeling his way carefully. He started at 3:50 o'clock and reached the tower of the court house at 4:25. At night he started at 7:50 and finished at 8:15. He was advised to begin the night climb at 8:30 but the sparkler parade ended.

## COLD WAVE IS DUE TONIGHT

Temperature is Expected to Drop to  
20 Above Zero

The first wave of the season is predicted for tonight. The weather prediction for today says that much colder weather may be expected tonight and tomorrow and that the temperature will drop to twenty degrees above zero. The cold weather has been expected because of the frigid weather in the northwest for the last few days. Reports have been received of dispatches of snow storms and zero temperature in many western and central west states.

## TREE PREVENTS DROP DOWN EMBANKMENT

Dr. J. B. Kinsinger Narrowly Escapes  
When His Machine Turns  
Over South of Carthage

### NEAR AN OVERHEAD BRIDGE

Dr. J. B. Kinsinger of this city narrowly escaped death yesterday evening about eight o'clock when his automobile turned over at the east approach of the bridge leading over the Big Four railroad, about a mile south of Carthage, and lodged against a tree, which prevented it from rolling all the way down the 12-foot embankment. How Dr. Kinsinger managed to escape, after viewing the position of the automobile, those who saw it could not understand.

It required the aid of fifteen men and an automobile truck to pull the machine out of the perilous position in which it lodged. The machine was not damaged much.

Dr. Kinsinger walked back to Carthage after the accident and obtained the aid of Carthage men to get his car back on the road. He was on his way back to Rushville from making a professional call in Carthage.

## NEW MEMBERS ADDED TO RUSH POST NO. 150

Twenty-Six Are Enrolled in County  
American Legion Organization  
Armistice Day

### MEMBERSHIP DRIVE SOON

Rush Post No. 15 of the American Legion, an organization of world war veterans, enrolled its first members yesterday during the Armistice Day celebration. Several charter members of Rush post were present at soldiers headquarters and ex-service men who called to register were invited to join. The post now has twenty-six members, and it is expected a membership drive to interest all the former soldiers in the county, will be started in a very short time. The charter for Rush post was obtained only a few days ago.

It is expected that more than the usual amount of interest will attach to the organization here, now that Indianapolis has been selected as the location for the national headquarters of the Legion which already has more than a million members. Indianapolis was selected at the first national convention which closed in Minneapolis yesterday.

### THREE LICENSES TODAY

The following marriage licenses were issued today by county clerk Loren Martin: Lloyd A. Smith of Connersville and Sylvia Walters of this city; Charles Harton of Milroy and Leon Thomas of Arlington; James Haley of Greensburg and Minnie McGibbons of Moscow.

## CALLS ATTENTION TO AN INJUSTICE

The Rev. L. E. Brown Addresses  
Letter to Connersville News  
About Misinformation

### REPORTS ALL EXAGGERATED

Rushville Minister Investigates One  
Story and Finds That it is Not  
as Published

The last few weeks the Evening News of Connersville has almost daily published stories concerning Rushville, its Mayor and its police department, and about the abusive way in which Connersville residents are treated when they come here. In fact, the Connersville paper on all of those occasions has warned motorists not to come here. In most of the stories, the paper has exaggerated, and in one account spoke of a Connersville man who came here, and just outside of Rushville lost his front license plate.

According to the Connersville paper, this motorist stopped his car, picked up the plate, and with it in the front seat, came on into the city only to be arrested for operating his machine with only one plate. He paid a fine, went home and told the whole city about it.

The Rev. L. E. Brown of this city has followed closely the stories appearing in the Connersville News and on this particular occasion he made a personal investigation and found it to be false. He wrote a signed statement to the editor of the Evening News, and in last night's issue, it was mentioned but no name was signed to it, nor was the statement as written by the Rev. Mr. Brown published.

The story that was published is as follows:

"A prominent and much respected citizen of Rushville has addressed the News to, say that he believes injustice has been done in this paper to the Rushville officers, by some of the reports of their recent activities. He speaks especially of the man who claimed to have been fined simply for losing the number from his car, and carrying it with him into the city. The communicant says this man admitted to the Rushville police that he had been running his car that way for a good while, and that he failed

## "Human Fly" Thrills Thousands With Two Daring Climbs Tuesday

Harry H. Gardiner Holds Multitude  
Breathless as He Scales Treacherous  
Walls and With Almost Superhuman  
Power Overcomes Apparently Impossible  
Obstacles.

### FINDS LOOSE TILE IN ROOF

The square packed with a silent  
multitude!

Every neck was aching, every eye was straining, watching a human figure as it scrambled up the west side of the court house.

The human figure that rose steadily, surely, spider-like, was Harry H. Gardiner, the man who made the fly famous as a climber.

Now he had reached the face of the court house clock. He hesitated, irresolute, picking his way carefully. He started around the oval side of the clock, gripping the numbers on the face of the clock with one hand and the stone with the other.

Apparently uncertain of his way, he hung his white hat on a hand of the clock and came back down to the ledge at the bottom of the clock's face.

Again he started up, using much the same method as before. Gradually he worked his way up to the ledge above the clock. Below him was 150

## SOME MINERS MAY NOT OBEY ORDERS

Strikers in Illinois, Iowa, Kansas  
and Oklahoma May Not Return  
to Work

### DISCONTENTED AND SULLEN

Miners Train Leaves Brazil With no  
Miners Aboard—Rail Officials  
Puzzled at Order

(By United Press.)

Brazil, Ind., Nov. 12.—Miners' trains were resumed this morning but no miners went to work in this field.

Chicago, Ill., Nov. 12.—Coal miners in Illinois, Iowa, Kansas, Oklahoma and other states may refuse to return to work without an increase in pay, according to reports reaching here today.

An official of the Illinois district stated that he did not believe the miners in that district would obey the order cancelling the strike.

The vice-president of district thirteen at Des Moines stated that the miners would not return. One hundred thousand miners in the Pittsburgh, Kansas, district are discontented. The miners of Oklahoma were considerably sullen.

Indianapolis, Ind., Nov. 12.—The delivery of coal to consignees except by special permit has again been ordered stopped on all Indiana railroads, J. Coney superintendent of the Pennsylvania line in Indianapolis, announced today.

This means that all coal in transit regardless of the provisions of the government priority list for making application with local freight agents, will stand before permission is granted for delivery of coal to them.

Local officials expressed themselves as being very puzzled over the order.

Some reports indicate that the railroad administration believes the miners will not go back to work and others explain that much of the coal in transit has been delivered and the roads are holding the remainder pending the outcome of the union order calling off the strike.

## DEMOCRATIC LEADER DIES

Senator Martin of Virginia Expires  
—Senate to Pay Respect

(By United Press.)

Washington, Nov. 12.—Senator Martin, Virginia, died today, according to word received by his secretary here. The senate expected to adjourn for short time out of respect to Martin. He was 72 years old and had been serving continuously since 1895, being re-elected four successive times. His present term would have expired March 3, 1925.

Senator Martin was democratic leader in the senate. He conducted the administration battle on the floor throughout the war.

## FEDERAL PROHIBITION COMMISSIONER NAMED

John Kramer of Mansfield, O., to  
Have Charge of Enforcing  
Constitutional Amendment

### TO ASSUME DUTIES NOV. 17

(By United Press.)

Providence, Rhode Island, Nov. 12.—A temporary injunction restraining federal officers in this district from enforcing the war time prohibition act, was issued today by Judge Brown of the United States district court. The order was directed at Harvey Baker, district attorney, and George O'Shaughnessy, collector of internal revenue.

Washington, Nov. 12.—John Kramer of Mansfield, Ohio, today was named federal prohibition commissioner by Commissioner of Internal Revenue Daniel C. Roper.

Kramer will have complete charge of enforcing the constitutional and war time prohibition under the Volstead act recently passed by congress over the veto of President Wilson.

Kramer will assume his duties on November 17. In addition there will be federal prohibition directors in each state. The headquarters of the district including Indiana will be Chicago.

## STATE NORMAL HEAD TO ADDRESS TEACHERS

Dr. C. L. Lord of Charleston, Ill., to  
Speak to Meeting of Rush  
County Association

### SUPT. HINES ALSO TO TALK

Programs are being printed for the Rush County Teachers' association meeting which will take place Saturday, November 22, at the Rush County court house assembly room, beginning at nine o'clock.

The main speaker will be Dr. L. C. Lord, president of the Eastern State Normal School at Charleston, Illinois. Dr. Lord is a speaker of national prominence and will discuss three timely topics which will be of interest to teachers and to the public. The subjects of the lectures are, "What Shall We Do Now?" "Waste in the Recitation," and "Motive in School Work."

State Supt. L. N. Hines will speak in the forenoon at 8:30 o'clock. Mr. Hines is a strong man for the office he holds and he is planning to make his administration count for much in the progress of education for the state.

Notice of the special features of the program will be given tomorrow.

### TO SHUT OFF DEBATE

Washington, Nov. 12.—A move to shut off debate and get a final vote on the treaty was put under way today by democratic senators with the pledge of support of the republicans who desire quick action.

## RED CROSS DRIVE EXTENDED TODAY

A. L. Riggs Receives Telegram That  
Roll Call Will Continue Through  
Next Sunday

### FLATTERING REPORTS HEARD

Many Townships Will Reach War  
Strength—People Waiting For  
Canvassers to Call

\*\*\*\*\*  
Noble township today reported a fifty percent membership in the American Red Cross among the school children and an effort is being made according to John McKee, township chairman, to have a 100 percent membership by November 15.  
\*\*\*\*\*

"On account of numerous requests the Roll Call will be continued through next Sunday."

This telegram, signed by Clarence Stanley, Indiana manager of the Red Cross campaign for new members and renewal of old memberships, was received this morning by Pon Riggs, county chairman for the drive.

Rush county had not finished its campaign by Armistice Day, the original date for the close of the drive but an effort will be made to have a report from every district in the county by next Monday.

Mr. Riggs today issued an urgent appeal to the workers of the county to do their duty and canvass their districts at once, because he has found that people are waiting for the solicitors to call. Some of them are actually blaming the persons appointed to do the canvassing because they have not called.

Prospects were bright today for Rush county to maintain the record it has—that of having the largest per capita membership of any county in the state. Nothing but encouraging reports are being received at Roll Call headquarters in the recorder's office in the court house.

Joe Pike has reported more than one hundred members in his half of Richland township, and he has not finished the canvass. William Fisher has already reported enough in his half of the township to make the township membership well over two hundred.

Continued on Page Five

## CORNERSTONE TO BE LAID FRIDAY AT 2:30

Appropriate Exercises Will be Held  
at Site of Little Flatrock  
Church Being Built

### BUILDING HAS BEEN DELAYED

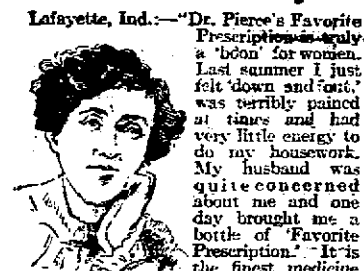

The cornerstone of the new Little Flatrock Christian church will be laid with appropriate exercises, Friday afternoon at two-thirty o'clock. The Rev. L. E. Brown of this city will deliver the address, and a big attendance will be on hand to take part in the exercises.

Work has been considerably delayed on the construction, and much time was lost as part of the stone was cut wrong and had to be replaced. The brick has been laid in the back part as high as it will go. The old building has been torn completely down, and a new modern church will be erected on the site.

As a remembrance of the first anniversary of the signing of the armistice, a copy of tonight's Daily Republican will be sealed within the cornerstone, so that in future years when the building is torn down the people then can read an account of the celebration in this county November 11, 1919.

## Prominent Indiana Women Testify

Lafayette, Ind. — "Dr. Pierce's Favorite Prescription is truly a 'boon' for women. Last summer I just felt down and out, at times, and had very little energy to do my housework. My husband was quite concerned about me and one day brought me a bottle of 'Favorite Prescription.' It is the best medicine I have ever known. I would advise other women who suffer as I did to at least give it a trial."

—MRS. MYRTLE DILDEN, 1117 N. 6th St.

## Women When Dragged Down and Worn-out

Lafayette, Ind. — "When approaching middle life I suffered severely, but one bottle of Dr. Pierce's Favorite Prescription completely removed my pains and the critical time passed so easily that I was scarcely conscious of it. It is over fifteen years since I took that one bottle of 'Favorite Prescription' and I have never had the least sign of weakness since. I think it the most wonderful medicine for women and would advise its use by all women at the critical time of life."

—MRS. S. J. BAKER, 916 Scott St.

Kokomo, Ind. — "Some time ago I felt 'dragged' and worn-out and greatly in need of a tonic when a friend suggested to me to try Dr. Pierce's Favorite Prescription. I had taken other tonics but I never took anything that helped me so quickly as the 'Favorite Prescription.' It was not an unpleasant medicine to take and my whole system seemed to be benefited. I have also used the 'Lotion Tablets' and found them to give just as perfect satisfaction."

—MRS. F. LA FOLLETTE, 110 W. Elm St.

Doctor Pierce's Favorite Prescription is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription for its ingredients are printed on the wrapper. Weak women should try it now. Don't wait! Today is the day to begin.

### WORK IN M. M. DEGREE

Rush Chapter No. 24, R. A. M., will have work in the M. M. degree Friday evening at 7:30 o'clock.

## FOR ITCHING TORTURE

### Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35¢; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Ross Co., Cleveland, O.

## RAINS DAMAGE THE CORN CROP

Much of Grain is Sprouting in Fields and Will Mold Quickly in Crib, Farmers Said.

### THIRD OF CROP GATHERED

New Danger Arises From High Wind Which Was Expected to Blow Stalks Down.

The rains have caused immense damage to the Rush county corn crop, in the opinion of several farmers who have been interviewed on the subject. They say that the corn has begun to sprout, due to the excessive moisture, and that it will mold quickly in the crib.

Another danger arose yesterday when a strong wind prevailed most of the day. The fields are exceedingly soft and it was expected that much of the corn would be blown down.

Some farmers estimated that only one-third of the crop has been gathered. In the last two weeks there have been very few days that a team could be driven into a field sown to wheat because the damage which would be caused to the tender plants. Other fields were so soft that only a half load could be hauled out.

An average yield of 37 bushels per acre is shown in the report of the co-operative crop reporting service for Indiana, which was issued yesterday. Not many Rush county farmers can be found who believe that Rush county's crop will average 37 bushels. The state crop report continues as follows:

"On this figure a total production of approximately 181,000,000 bushels is indicated which is nearly 12,000,000 bushels more than the 1918 crop. The feeding value of the crop is much greater than any produced in recent years and all of it matured without frost damage. Ten percent of the crop was cut for ensilage and there are about 7,000,000 bushels of the 1918 crop still in the farmers' hands. Buckwheat, which is rather a small forage in this state, shows a total production of approximately 264,000 bushels and is about an average crop. In many localities the white potato crop was almost a failure and the production for the year 4,000,000 bushels, which means that many farmers will have to buy potatoes for home use. Sweet potatoes were very good, but only a little more than 300,000 bushels were produced. The apple crop was one of the smallest ever produced and amounted to only 1,700,000 bushels. The clover seed crop is also one of the smallest ever produced and will approximate only about 75,000 bushels.

The average weight per measured bushel of grain runs rather light as follows: Winter wheat, 55 pounds; spring wheat, 50 pounds; oats, 31 pounds; barley, 45 pounds. Buckwheat averaged 16.5 bushels per acre, which is 7 of a bushel less than the 10-year average and indicates a total production of 264,000 bushels.

White potatoes only averaged 44 bushels per acre, which is 33 bushels under the 10-year average. A total production of 4,180,000 bushels is indicated by these figures and means that many farmers will have to buy for home use.

Sweet potatoes averaged 105 bushels per acre, which is 6 bushels over the 10-year average. A total production of a little more than 300,000 bushels is indicated by these figures.

Tobacco was a new crop in many localities this year and much of it was set on virgin soil. Many heavy yields were reported and the average is around 800 pounds per acre, which is slightly less than the 10-year average and indicates a total production of a little over 14,000,000 pounds.

Apples only show 19 per cent of a full crop, which is 31 per cent under the 10-year average and indicates a total production of approximately 1,700,000 bushels, one of the smallest crops ever produced in the state. Clover seed averaged only 1 bushel per acre, which is 1 bushel under the 10-year average. Only 55 per cent of the usual acreage was harvested and on these fig-

ures, approximately 75,000 bushels is indicated and this amount will not supply the state's needs.

Grain sorghum and field peas produced about the average crops both for grain and forage. Sorghum production was 77 per cent of normal and peas only 19 per cent. Sorghum cane shows 82 gallons of syrup per acre, which is 11 gallons under the 10-year average.

According to the Government crop report, issued last Saturday, the total corn production for the United States amounts to 2,910,000,000 bushels and is approximately 10,000,000 bushels more than was forecasted last month. There are 72,300,000 bushels of the 1918 crop still on farms.

### CALLS ATTENTION TO AN INJUSTICE

Continued from Page One

at any time to produce the number, which he claimed later to have.

If the man did this he had slight excuse before the law. Connersville surely wishes to pick no quarrel with Rushville. It does wish that its citizens would be treated with as much consideration by Rushville's police as Rushville's citizens are by the police of Connersville. So long as this is done, this city will never complain.

### WINS TWO GAMES

Carthage won two games from Arlington high school basketball teams at Carthage last night, defeating the visiting varsity team, 14 to 7 and the second team in a curtain raiser, 15 to 5. Carthage plays at Knightstown Friday night.

All persons who intend to contribute food or jelly to the Lafayette Soldier's home please send same to the home of Mrs. William Bainbridge by Thursday evening as the box will be packed and sent Friday.

## Here's a Fine Tonic, Laxative, Says Druggist

Every other night for three weeks, it's your duty to brew a cup of this great vegetable tea—that is, if you want better blood, clear complexion and sparkling eyes.

## Celery King

Get a package today. It costs but a trifle, but as a health builder is worth its weight in gold.

Normal bowel action, perfect working stomach and sweet breath follow its use.

The children drink it and enjoy it, and it's the gentlest acting laxative they can take, especially when they are fretful, cross and feverish.—(Adv.)

## Where Can I Find Relief From Itching, Terrifying Eczema?

Question on Page of Associated Press. There is a harassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., which acts by cleansing the blood. Get a bottle to-day, and you will see results from the right treatment. Medical advice free. Address Medical Director, 43 Swift Bldg., Atlanta, Ga.

## Elastica Floor Finish

### (Finishing Old Floors)

The extent to which it is possible to beautify old floors is truly remarkable. Where rugs have been substituted for carpets, the borders or, in fact, the entire floor, can be made to look almost like new. Should the following recommendations not apply to your problems, we shall be glad to give you complete information that will meet your requirements if you will advise us just what particular condition confronts you.

To refinish floors that have been varnished, they should be cleaned thoroughly with soap and water and then washed with clear water.

If the surface is in fair condition, it is only necessary to touch up the worst spots with Elastica Floor Finish. Allow the varnish to become thoroughly dry, then finish with two coats of Elastica Floor Finish, allowing 24 hours between coats for drying. The preceding coat should be sandpapered lightly before the succeeding coat is applied. If the surface is in bad condition, it is advisable to remove the finish with Klenza Paint and Varnish Remover. Discolored spots should be bleached out with a solution (oxalic acid 1 1/2 oz. to 1 pint hot water). Wash the surface with clear water and allow to dry thoroughly. Sandpaper to make perfectly smooth and brush away all dust. Then proceed with finishing process same as if it were new wood.

Subject next week: Preserving new and old linoleum and oil cloth.

## Pinnell & Tompkins Lumber Co.

## Remember It

FAT BACK is a high grade hog chuck; IT costs less than any other good swine chuck; IT supplies all of corn's deficiencies; IT is invaluable for brood sows; IT makes strong big pigs with a heavy coat of hair when fed to sows while gestating; the sow keeps in fine health and her milk flow is ample; IT starts the pigs right to large body structure, hurries them along, keeps them healthy, and IT fattens right away if fed alone or with corn when your porkers reach 125 pounds. Fat Back makes firm pork—many feeds don't. Avoid peanut products, rice products, and soy beans in hog feeds.

—The Rev. D. L. Aultman and daughter Esther of Cincinnati and Harry Aultman and family of Batavia O., will spend the week-end with Mr. and Mrs. G. T. Aultman of West First street.

**DAY IS ENJOYED BY A HUGE CROWD**

Continued from Page One

sooner than expected.

Gardiner pointed out some of the defects in the court house, when he reached the main roof in the afternoon, qualifying his remarks however, with the statements that he had climbed many court houses in Indiana, but that Rush county's was as beautiful and as well constructed as any he had seen with two exceptions. He called attention to the loose tile in the roof and the fact that the points on the gables needed fastening because he showed they were loose by shaking them.

The various societies of the county did not respond to the invitations to exhibit their service flags in the parade. Not a single lodge flag was carried in the parade. All represented churches of the county, including all the Rushville churches except St. Marys. The parade was led by the squad of Marines which was here for the day, riding in an army automobile, with a massive, ugly bulldog on top.

Twenty automobiles carried the War Mothers and a few Civil War veterans and members of the Women's Relief Corps rode in a truck, displaying their service flag. Many of the War Mothers displayed individual service flags.

Previous to the climb last night the crowd had a good time with the sparklers which were distributed. Twelve hundred were passed out during the evening.

Although the display of war relics was not as large as many expected it would be, many interesting souvenirs brought home from Europe by Rush county soldiers were shown in the windows of business houses.

Music was provided by the Arlington band and an orchestra from Indianapolis.

**Red Cross Help Returned Soldiers In Compensation**

MANY returned soldiers do not realize that the government has a compensation fund for mental disabilities as well as for physical. The Lake County branch of the Red Cross, Cleveland, reports that 2,999 men in Ohio, Indiana and Kentucky are being treated for mental disabilities—shell shock and other ailments—either incurred during the period of service or resulting from military service.

In any part of the country, a properly established claim for help of this sort will be met promptly. The simplest way of getting such a claim established is through the Home Service department of the Red Cross. Application may be made at any Red Cross office, chapter or branch, and it will be referred to the proper bureau.

**Disaster Relief Work Traditional Red Cross Service to Be Continued**

PREPAREDNESS for disaster relief on a scale never before possible is being undertaken by the American Red Cross as one of the important features of its peace program. Support of this program will be asked in the Third Red Cross Call, November 2-11.

Statistics show that since 1900, disasters of peace-time have brought personal injury to 1,500,000 persons, at the same time destroying property valued at over \$1,000,000. During 1917 alone, eighty disasters were aided by the Red Cross.

This situation demands a preparedness for emergency relief and that is what the Red Cross is to supply. Red Cross chapters everywhere will create disaster preparedness committees that will make surveys locating food, hospital supplies, clothing, buildings for housing refugees, and will also canvass for physicians, nurses and social workers prepared to respond instantly to emergency calls.

In the case of great disasters where the resources of the division in which it occurs is over-taxed, the entire relief strength of the Red Cross in the country may be mobilized through national headquarters.

Red Cross chapters, division offices and the national office are planning to put disaster relief on such a sound basis that it will become nationwide in scope, and will assure for all emergencies a swift mobilization and application of whatever funds, supplies and experienced workers may be needed.

**—ODD FELLOWS NOTICE**

Franklin Lodge will confer the third degree Wednesday evening on a class of candidates. Every member is urged to attend. Visitors will be present.

To stimulate the sale of American made waists and to establish their place as the best in the world the United Waist League of America has inaugurated "Blouse Week" to run from

**November 10 to November 15**

November 10th to November 15th

# National Blouse Week

## at Mauzy's

In an endeavor to show the consumers throughout the country that the best-made waists for women are made here in the United States, plans have been formulated by the United Waist League of America for the holding of a national "Blouse Week." This will take place on Nov. 10 to 15, inclusive.

November 10th to November 15th

This is the way we expect to observe National Blouse Week. Every Blouse in our entire stock will be marked not only at a discount, but at a price that will leave no question in your mind as to what you may expect in the future when we advertise National Blouse Week.

### Fine Blouses

Here They Are in a Wealth of Fashionable Styles.

made of elegant georgette, crepe de chene, tub silk, tulle, satin batiste, cotton voile, French voile, Foulards, nets and lace. The colors are just as attractive as the materials: White, flesh, rose coral, taupe, watermelon, shadow lawn, maize, sunset, peach, wisteria, plum, brown, bisque, Bermuda, black and all the pastel shades. The reduced prices will range from

**War and Peace**

The celebrations throughout the United States yesterday represented the joy unexpressed of the millions of Americans who a year ago received the glad news that their loved ones would return and that they would no longer have to think in terms of blood and butchery but in terms of peace and industry.

The year has brought much to America, because it has seen the nation converted from a war basis to a peace basis with the minimum of strife and has ushered in an era of prosperity which it is hoped will not soon pass.

Farmers have found peace times more to their liking than war times. They have continued prosperous and it is apparent that their long-hoped for prosperity is of a permanent character.

War, the high cost of living, prohibition and government thrift lessons, all by-products of the war, have remade the lives of many. People are saving more, buying intelligently and cutting out the frills and frivolity according to merchants and bank reports. Home life is on a new level as the result of prohibition, and on the whole the year since the war ended can indicate nothing but a brighter and more prosperous future.

**Buying at Home This Year**

Many good citizens have approved of keeping prosperity at home by trading with the local merchants.

Many thousands of dollars are spent annually in Christmas shopping in this community, and all indications point to heavier buying this year than ever before.

Our dealers have prepared for it by laying in stocks calculated to please any fancy, and we are assured by them that these goods will be priced down to the very limit of economy.

From week to week the advertising pages of this paper will contain the choicest offerings of our five merchants.

A careful reading of the ads each week will give the purchaser a valuable line on what and where to buy, and will be one of the most valuable aids of all in the Christmas shopping.

This is our town.

It is what we have made it in the past and it will be what we make it in the future.

The wise bird feathers its own nest.

About the best way to rid your-

**DON'T SUFFER WITH NEURALGIA**

**Use Soothing Musterole**

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief. Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, sciatica, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—cold of the chest (it often prevents pneumonia). It is always dependable. 3c and 6c jars, bottles, size \$2.50.

**Sap and Salt**

By BERT MOSES

No medicine is often the best medicine.

The provoking thing about progress is its refusal to be hurried.

The pill habit is worse than the troubles for which pills are taken.

All men are charming until they are spoiled by praise—and so are all women.

You get what you deserve—whether it be high honors or a swift kick from the rear.

Hez Heck says: "When it comes to being silly, a maiden lady of forty-five strikes 12 when a man squeezes her hand."

self of an unwelcome income tax is to pay it.

Some day, of course, we will know who really started the war. But, in the meantime, somebody did it.

Each day we look expectantly for another illuminating remark from the governor of North Carolina to the governor of South Carolina.

**FOR SALE, CHEAP—**A perfectly good pair of feet. Shoe leather is too expensive for their retention.

**Amusements**

**Charles Ray as a Pugilist**  
A glimpse into the inner circle of the pugilistic world will be given screen lovers who see Charles Ray in his latest Thomas H. Ince production "The Egg Crate Wadlop," which comes as a Paramount-Artcraft picture to the Princess Theatre tonight. The story concerns a Western country boy who developed his biceps egg crates as helpers to the express agent at Pitt's Junction. To clear his boss, who is also his sweetheart's father, of a serious charge, he leaves town and secures a job as sparring partner for a pugilist. Later he appears in the roped arena, and lands a knock-out blow, which gains fame as the "egg crate wallop," on the jaw of the man who tried to frame the fight. Through his victory he discovers some things that enable him to straighten out the tangle in his home town and claim the hand of his girl.

Thomas H. Ince has provided an extremely realistic setting. The fight takes place in a ring that is regulation to the last detail. DeWitt VanCourt, who trained Jeffries and Corbett in his day, is referee, and the fighters, besides Charles Ray, include Al Kaufman, Ray Kirkwood, and Izzie Glasser.

**2 Movie Stars at Mystic**

The Mystic offers tonight for its patrons, two well known stars, in a double bill. Gladys Leslie will be seen in a well known stage success, "A Stitch in Time," and Fatty Arbuckle will be shown in "Fatty, the Iceman," which is said to be a scream from start to finish. Tomorrow the 16th episode of Elmo the Mighty will be seen, which features Elmo Lincoln. The name of the episode tomorrow is "A Parachute Peril," and contains many thrills, which are seen in every episode of this master serial. The episodes are separate, and no relation exists between them, so that those attending tomorrow will see a complete performance.

**News of Colored Citizens**

Miss Ethel Buckner, daughter of Mr. and Mrs. Samuel Buckner, and Jesse Herdspath, son of Mr. and Mrs. Fred Herdspath were quietly married last evening at eight o'clock at the home of the bride in East Eighth street, the Rev. B. J. Coleman officiating. After the ceremony a luncheon was served at the home of the bridegroom's parents in East Eighth street.

**LANDS FROM OVERSEAS**

Alva Noble of Arlington has received word that his son, Private Merrill Noble, has arrived in New York from overseas. He landed Sunday.

**REPRESENTATIVE GOES FROM HERE**

Howard Ewbank, Secretary, National Convention of Farmers in Chicago This Week

**PURPOSE OF THE MEETING**

Organization of State Associations to be Formed—State Convention Next Week

The Rush County Farmers association is represented by Howard Ewbank, secretary, at the national convention of farmers being held in Chicago today and tomorrow. Officers of the Indiana Federation, the ten directors and many county association's representatives also are attending.

The Chicago meeting has been called for the purpose of perfecting a national organization of the various state associations of farmers which in turn are made up of the county and township units.

It is understood that representatives from twenty-three state associations of farmers will be present at the national convention, but no state will have on hand a more enthusiastic delegation of boosters than the one which will represent the Indiana members of the Indiana Federation of Farmers' Associations, all of which has been accomplished in seven months, is the wonderful record the Hoosier contingent will have to display at the national convention.

The Indiana delegation expects to take an important part in the formation of the national federation of farmers, and if possible have the headquarters of this new body established in this state. It is conservatively estimated that the combined membership of the national body will pass the million mark the first six months of its existence.

With the state convention of the Indiana Federation of Farmers' Associations scheduled for Indianapolis next week at the Masonic Temple, a special committee is to report on the plans outlined at the Chicago gathering, and any action taken by the Indiana delegation will be subject to the will of the delegates attending the Indiana convention. Aside from seventy-seven official accredited delegates to the state convention, there is every indication pointing to a great attendance. Many of the county associations are planning to send from twenty-five to fifty representatives to the meetings all of which are to be open to the general public.

**TWO RESIDENCES SOLD**

Frank Abererombie has sold his property at 1224 North Main street to Emory Hawkins of Muncie. Mr. Abererombie has purchased the property of Robert Gardner, 1016 North Main street, who will move to the country. All of the above people will vacate in a few days.

**KNIGHTS TEMPLAR MEETING**

Rushville Commandery, No. 49 K. T. will confer the Red Cross degree upon a number of companions Wednesday evening preceded by drill practice for the inspection on Nov. 25th.

**Women Need Swamp-Root**

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. Pains in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble. Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions. Get a medium or large size bottle and follow the directions. It is a great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Rushville Republican. (Adv.)

**Our Daily Laugh**

New and Single Yarns That Will Tell You and Will be Relished by Your Friends When You Repeat Them.

President Nelson of Smith College is both broad in his views and of ready wit. His job is to preside over the destinies of sweet girl undergraduates entirely. Now and then he likes a quiet smoke. Once on a lecture tour, he entered the smoking compartment of a Pullman to indulge in the weed while thinking over his next speech. There happened to be another occupant—a traveling man.

"Sit down brother," was the greeting of the knight of the suitcase. "My line's shoes, What's yours?"

"Mine's skirts," dryly commented the dignified prey.

**CASH PRIZE OFFER:** A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

**MARRIAGE LICENSES**

The following marriage licenses were issued yesterday afternoon: Jesse Herdspath and Ethel Buckner, daughter of Mr. and Mrs. Samuel Buckner, both are colored people of this city, and to Tiberius L. Jones, a doctor of Kansas and Mary Louise Poe, daughter of Mr. and Mrs. Jess Poe of this city.

Andrew Johnson was elected senator, after having been president, but died before serving.

**NEGLECTING THAT GOLD OR COUGH?**

Why, when Dr. King's New Discovery so promptly checks it

IT'S natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, gripe, croup does not resist this standard reliever very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 50c and \$1.20 a bottle at all druggists. Give it a trial.

**Constipated? Here's Relief**

Not that often harmful, always violent and temporary help that comes from harsh purgatives, but the comfortable, gratifying, corrective regulation of stubborn bowels so pronounced in Dr. King's New Life Pills.

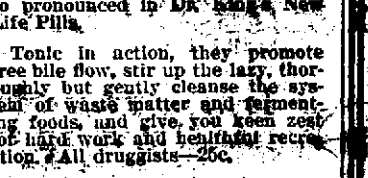

Tonic in action, they promote free bile flow, stir up the lazy, thoroughly but gently cleanse the system of waste matter and fermenting foods, and give you keen zest for hard work and beautiful recreation. All druggists—25c.

**Shuster & Epstein**

The shoes you get anywhere are just—shoes. The shoes you get here are Shoes—with a capital S. The same difference exists as between society and Society. You know what we mean when we fit a pair of our shoes to your feet—and you'll realize that shoes with a capital S don't necessarily mean Price with a capital P.

**A CLEAR COMPLEXION**  
**Ruddy Cheeks—Sparkling Eyes—Most Women Can Have**  
Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

**RED CROSS DRIVE**  
**EXTENDED TODAY**  
Continued from Page One  
Wiley McKee of Milroy, Anderson township chairman, has sent word that Anderson will not fail but will report seven or eight hundred members before the campaign closes. One section of Posey township has reported almost war strength and expects to go above the number enrolled during the war.

Dave Alter, Orange township chairman, says that his township state only amounted to a little more will do much better than expected and word comes from John McKee of New Salem, Noble township chairman, that prospects for a good membership are very flattering.

"If you can't canvass your district, turn the matter over to your neighbor who can," was the word Mr. Riggs had today for solicitors who had not "turned a wheel" today. "There are plenty of block areas in Rushville which will be one hundred percent if the canvassers will call on the people. They are ready and waiting.

On the other hand, Mr. Riggs advised persons who wished to renew their memberships and had not been solicited, to look up the canvasser in their district and pay, or send their check to Miss Nora Sleeth, county vice-chairman, at headquarters, and will be credited to the proper district and township.

"Everyone who was a member before should feel it his or her duty to renew their membership," said Mr. Riggs, "because the Red Cross

**SPLENDID AUDIENCE OUT**  
**THEIR PRESTIGE MAY BE IN DOUBT**  
Held by the Rev. W. N. Briney at Christian Church

A splendid audience at the Main Street Christian church last evening listened to a most excellent sermon on "Discipleship" by the Rev. W. N. Briney. Home/ Cole sang a beautiful solo. The subject of the sermon this evening will be "A Bad Boss" and Mrs. Earl Moore and Miss Wanda Wyatt will sing a duet. The Rev. Talmadge DeFrees, pastor of the Little Flat Rock church, was present with a number of his members and people were there also from Arlington, showing the services are growing in interest.

has just as great a mission in peace as in war."

Persons who belong to the Red Cross are urged to display their membership flags in the window. It is also pointed out that old members can't escape renewing by wearing old buttons because the new buttons have "1920" on them.

The Red Cross received the first donation of the Roll Call drive this morning when John Walker, who gave a dance in the Modern Woodman hall last night, contributed \$10 as the share of the proceeds going to the Red Cross.

**"Human Fly" Thrills Thousands**  
**With Two Daring Climbs Tuesday**

Continued from Page One  
and shoulders rose, pulled up by the powerful arms, and the right arm crooked up over the ledge. Again the quick, jerking movements and the trunk of the body slipped over the ledge, apparently drawn by some superhuman force—it did not seem possible a human could pull himself out of such a position.

One last little movement and the left leg swung up on to the ledge and there lay the "Human Fly" wiping the perspiration from his brow.

Gardiner performed the impossible twice yesterday. He scaled the walls of the court house by the same route at night under the glare of two strong spotlights which were constantly searching the walls and roof of the building to show him the way.

He didn't go to the flag pole. If a vote had been taken by the thousands of people watching breathlessly, it would have been unanimous in advising him not to take any further risks. In the opinion of everyone in the crowd, he had risked his life enough in one day, for a man with a wife and three children at home.

Gardiner climbed to the ridge of the west gable in the roof of the tower. There was but one path to the pole and that led over the tile roof. As he slipped along the ridge of the gable toward the incline to the pole, Gardiner picked up a loose tile from the roof and made a motion as if to throw it down on the crowd.

The "Human Fly" has often said that his greatest risk was the man who built the building. This time it was the man who put on the roof of the court house less than two years ago. Evidently he forgot to nail down several tile on the roof of the tower. Gardiner announced that he would not risk his life on the loose tile at the afternoon performance, but said that he would go to the pole at night if he could find a way to overcome the obstacle. But he found no way—and every one breathed a sigh of relief when, standing on the ridge of the tower gable last night, he announced that he would not go on to the pole.

Dressed in a natty white duck suit, white tennis shoes, rubber soled with the bottom of his trousers caught with rubber bands, Gardiner appeared a slight figure of a man, apparently in the early twenties rather than close to the half-century mark.

He is five feet, seven inches tall and weighs 150 pounds. He has dark brown hair and brown eyes, square chin with a cleft of "dimple" in it, and somewhat prominent nose. He wears glasses, even while climbing.

He is very affable in his manner and his accent hints of the south, where he was reared. On the street he would be passed by without attracting a casual glance and the only thing striking about him at close range is a cat-like sureness of movement and poise of manner which bespeaks self confidence and self control.

**Washington Labor Conference May**  
**Slight Japan's Interests, the Premier Fears**  
**HAVE LEFT FOR AMERICA**  
**Premier Says Conference Should Try to Discharge Their Mission Satisfactorily**

(By United Press.)  
Tokyo (By Mail)—"Japan's prestige and interests are at stake at the Washington labor conference," was Premier Hara's statement at a luncheon when he entertained Chai Masumoto and other members of the labor delegation about to leave for the United States.

The reference made by the Japanese premier to Japan's prestige, was taken to refer to her commercial ability to undersell America on account of lower production costs through cheaper labor.

"The labor covenant under which the forthcoming labor congress will be held, will become an absolute law with the ratification of the peace treaty," the premier said. "The delegates of all countries will no doubt bring forward propositions based on conditions in their countries and there is absolutely no reason for the difference in the condition of various countries affecting any country in the least."

"It will be a matter of course that the delegates for the employers should endeavor to protect their interests and those of the workers should do the same. It should be borne in mind, however, that in doing so they must not lose sight of the existence of the State."

"In the peace conference at Paris, Japan has been sitting as one of the five great powers and it is a matter of course that the same right and position will be accorded to the Japanese delegates at the Washington labor congress."

"Our delegates should remember Japan's prestige and interests which are at stake and at the same time they should try to satisfactorily discharge their mission which is of world-wide significance."

# K. P. DANCE

For K. P. and invited guests  
Strictly Invitational  
Good Music

# THURSDAY NIGHT

Mrs. Sarah Guffin will be hostess for the O. N. T. club tomorrow afternoon at her home in North Morgan street. All members are requested to be present.

About seventy-five couples attended the dance at the Modern Woodman Hall last evening. A Milton orchestra furnished the music. Guests were present from all of the nearby cities and towns.

A reception for the new pastor of the First Presbyterian church, the Rev. George F. Sheldon, and his family, and will be held in the church parlors tonight at 7:30 o'clock. Members of all other congregations of the city as well as all friends of the church are invited to attend and help welcome the new minister to Rushville.

Miss Ada McConnell, daughter of Mr. and Mrs. James M. McConnell of Glenwood and Fred W. Posey, son of Mrs. William Posey, living west

of the city, were quietly married Saturday afternoon at the First Methodist church in Connersville, the Rev. J. W. McFall officiating. They will live on the Posey farm west of this city.

Honoring Miss Frances Frazee of this city, a bride-elect, Miss Essie Mae Frazee of Connersville entertained twenty-seven guests with a seven o'clock dinner party last evening at her home in that city. The color scheme of yellow and white was used in the decorations of the dining room. During the evening the announcement of the coming marriage of Miss Essie Mae Frazee to Frank Zanecker of Chicago was also announced. Those from this city attending were Mrs. John P. Frazee, Jr., Miss Dorothy Frazee and the honored guest, Miss Frances Frazee.

A quiet wedding was solemnized this morning at 11:00 o'clock at the Main Street Christian parsonage, when Miss Sylvia Wolters, daughter of Mr. and Mrs. Eddie H. Wolters, was united in marriage to Lloyd A. Smith of Connersville, the Rev. L. E. Brown performing the ceremony.

The bride was dressed in a dark blue coat suit and carried a bouquet of pink roses. The young couple left immediately for a wedding trip to Cincinnati and after December first will be at home to their friends in Connersville. Miss Wolters is well known in this city and is a talented vocalist. Mr. Smith is an employee of the Central Manufacturing Company of Connersville.

Miss Edna Bever, daughter of Mr. and Mrs. Hayes Bever, was pleasantly surprised by a number of her friends Monday evening at her home near New Salem, the occasion being in honor of her nineteenth birthday. The guests enjoyed an oyster supper and the remainder of the evening was spent in dancing. The guests were the Misses Kathleen McKee, Lon Moore, Marian Sefton, Thelma Moore, Ruby Stewart, Louise Sipe, and Lon Moore, Stanley Stewart, Carl Perkins, Garrett Ricketts, Russell Logan, Edward West, Claude Dawson, Mr. and Mrs. Will McKee and sons Donald and Lawrence and daughter Geraldine, Mr. and Mrs. Mont Stewart, Mr. and Mrs. John McKee and son John Fletcher, Jr., and Mr. and Mrs. George Bever.

James Haley of Greensburg was married today to Miss Minnie McGibbons of Moscow, the ceremony being performed in the county clerk's office in the court house by the Rev. C. S. Black of this city.

A quiet home wedding was solemnized at high noon today at the home of Mr. and Mrs. Jesse Poe in North Morgan street when their daughter, Miss Mary Louise, was united in marriage to Dr. T. L. Jones of Wakefield, Kansas. The spacious rooms were beautifully decorated in the color scheme of yellow and white, chrysanthemums being the flower used. The bride looked lovely in a taupe chiffon velvet suit and carried a bouquet of brides roses. The Rev. C. S. Black performed the ceremony. Only the immediate relatives were present.

Immediately after the ceremony a four course wedding dinner was served at the bride's home, the same color scheme being carried out in the repast. Mr. and Mrs. Jones left this afternoon for a wedding trip to Memphis, Tennessee, after which they will be at home to their friends in Wakefield, Kansas.

The bride is a talented musician.

having been on the Chautauqua platform, this summer with the Jesse Pugh Company. She is also a graduate of the local high school and is a member of the Psi Iota Xi sorority. Dr. Wakefield is a practicing physician.

The out-of-town guests present for the ceremony were Mrs. Rena Warner of Indianapolis, H. L. Manual of Memphis, Tenn., and Jeff Moran of Middletown, Ohio.

## Why Worry about SUGAR?

### Your Grocer has Lots of Karo

**F**OR cooking and baking Karo is used in millions of homes. In all cooking and baking recipes use mostly Karo instead of sugar. It is sweet, of delicate flavor and brings out the natural flavor of the food.

Nothing better than Karo for candy making. For successful preserving use Karo fifty-fifty with sugar or use straight Karo if preferred.

**Buy In Quantities**  
**—Save Money**

**There are Three Kinds of Karo**  
"Crystal White"-in the Red Can, "Golden Brown"-in the Blue Can, "Maple Flavor" the new Karo with plenty of substance and a rich Maple Taste-in the Green Can.

**FREE** The 68-page, beautifully illustrated Corn Products Cook Book. It really helps to solve the three-meal-a-day problem. Every housewife should have one. Write us today. Corn Products Refining Co., P.O. Box 161, New York.

### Took Only Liquid Food For Months

So Weak Couldn't Raise Head From Pillow—Is Well and Strong Now.

I suffered for twelve long years, and was operated on five different times and had the very best treatment money could get, but I never got any relief until I commenced taking Tanlac," said Mrs. Eliza Marges, who lives at 621 1/2 East Washington St., Springfield, Ill. while talking to a Tanlac representative the other day.

"When they took me home from the hospital the last time," she continued, "I only weighed seventy-five pounds, and my family and friends had given up all hope of my ever getting well again. I was actually so weak I couldn't raise my head from the pillow. I was suffering from a general nervous breakdown, and my stomach was in such bad condition that for months and months I took nothing but liquid food. I had cramping spells nearly every day and the pain was often so great I could hardly stand it. Then, too, I suffered a great deal with pains across the small of my back. My nervous condition kept me from ever getting a good night's sleep, and of course this was very much against me. I was very much discouraged over my condition, and all I could do was just lie there in bed and suffer day after day.

"While I was in this condition, a friend of mine who called to see me told me that she wanted me to get a bottle of this medicine and try it. I really thought it seemed foolish for me to take an advertised medicine after all the treatment I had been having. However, my husband brought home a bottle and I commenced taking it. Well, I hardly know how to tell you about the wonderful relief that came to me soon after I commenced taking this medicine. It really seems more like a miracle to me than anything else. Why, in just a short time I began to feel hungry, and when I ate anything didn't suffer from it afterwards. Of course, this gave me strength, and before very long I was able to get out of bed and sit up a little every day. Then in a short time I was able to stay up all day long and when night came on I could go to bed and sleep just fine all night. I haven't had a single backset since, and now I am a perfectly well woman again. I have no signs of my former troubles at all. I have gotten back all I lost in weight, which is over twenty pounds, and have completely regained my strength. I feel that I owe it to the world to tell that this wonderful medicine has done for me, and I never lose an opportunity to tell my friends and acquaintances about it."

Tanlac is sold in Rushville by F. Johnson & Co.; in Milroy by Dalis Copper; in Manilla by Geo. J. Snow, and Arlington by Mrs. L. T. Davis.—(Adv.)

Starch factories at Oswego, N. Y., and Glen Cove, Long Island, are the largest in the world.

### CHURCH INSURES ITS CONGREGATION

Charleston Minister Sees Membership Lag so a New Plan is Tried to Increase It

**HAVE TO REBUILD CHURCH**

Members Given Life Insurance Policies Which Pay for Sick, Needy And at Death

Charleston, S. C., Nov. 12.—A practical plan to persuade members to attend church services and support church work has been found here in the insurance plan put into operation by Rev. A. E. Cornish, rector of St. John's Episcopal Mission.

In the two months the plan, whereby the church insured its members, has been in operation the membership of the church has increased to such an extent that plans are on foot to raise a \$50,000 fund for building a larger church.

Early last summer Rev. Cornish found the members falling into apathy. Attendance was falling off and the vestry was becoming alarmed at what seemed to be a sure slow death for the parish. The pastor hit upon the idea that to induce members to take an interest in the church he would have to give them something to do.

Calling his leading members into council with him, he laid before them the plan to tax each working man and woman in the parish one day's wages a month. All others should pay \$1.00 a month each. It was decided. With this fund he proposed to pay benefits to the sick, the poor and needy and to relatives of members who died.

The scheme was declared workable and put into operation. During the first month 54 members subscribed. In the second month the subscriptions had mounted enormously until now Rev. Cornish declares interest in church work and social service are at the highest point.

Members over 70 years old get pensions of \$2.00 a week. Those ill receive \$5.00 a week. Relatives of dead members are given \$100.00 each.

Interest is such that now Rev. Cornish has undertaken to obtain the church building fund by selling 1000 \$50.00 bonds payable in cash or in installments. Other plans including a nursery have been proposed by women members.

**POINCARÉ GOES TO SCOTLAND.**

London, Nov. 12.—President and Madame Poincaré with their staff left London today for Glasgow, where various civic festivities have been arranged in their honor. They will stay the night at the palatial residence of Lord Blythswood, and tomorrow the president will be installed Lord Rector of Glasgow university. The distinguished travelers were accorded a hearty send-off from Euston Station. The president returns to France Friday.

Pours 400 Gallons of Aged Wine Out on the Ground.

Columbus, Ind., Nov. 12—P. E. Wills of Elizabethtown, after concluding upon a definite plan for disposing of 400 gallons of aged wine which he had stored in his cellar. He emptied the cellar of the entire stock and poured it out on the ground.

The wine was made from grapes grown in Wills' vineyard and was valued at more than \$1,000 before prohibition became effective.

## GUARANTEE

## WHAT IT MEANS

The lawful meaning of the word "guarantee" is this: The guarantor and the person receiving the guarantee become parties to a contract. The third party to this contract is the article guaranteed. When the Spreader is guaranteed for five years against all flaws and defects, etc., in workmanship or material or construction, this MEANS something and becomes a real PART of this modern machine.

Our guarantee is issued on a special form provided by the factory and goes to the factory for official signature and to be made a record of. This is REAL protection.

I don't want to sell you the "RUSHVILLE SPECIAL" Spreader because of the guarantee alone, but this guarantee should show you that you are protected and that the builders know what they can do and are prepared to do it.

The reason the "RUSHVILLE SPECIAL" Spreader can be guaranteed in this manner is because of the style of general construction and because the factory that builds it makes every part and piece that goes into it. This factory is not an assembling institution, but a real manufacturing plant.

We want to again emphasize the fact that this spreader is selling as cheap and perhaps more cheaply today than it will be in many, many months to come. Don't therefore, delay your purchase. Buy it now—immediately. Take advantage of what it can do for you. Don't put off this good thing. It won't pay. Come in and see the "RUSHVILLE SPECIAL" Spreader.

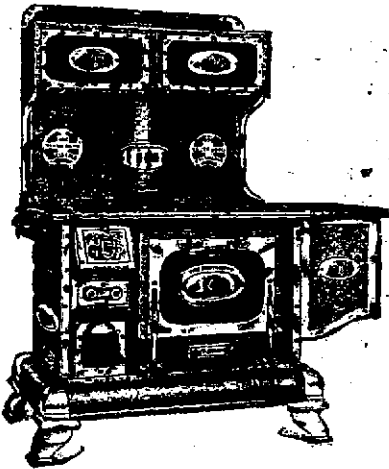

**C. H. Tompkins**  
RUSHVILLE, IND.

# We Want You to buy the Best Range Ever Made

Before placing it for sale in our store we compared it point by point with other first-class ranges, and found it to be the best. This range is—

## IOWA'S DINNER PAIL IS FILLED

Grain Elevators Are Chucked Full  
and There is Plenty of Money  
in The Banks

### CONTRAST IS TO LAST A YEAR

Industrial Strife of The Last Year  
Had Little Effect on Iowa's  
Living

(By United Press.)

Des Moines, Ia., Nov. 12.—Picture in your mind grain elevators taxed to capacity and banks bulging with money—that is Iowa and the "food basin" of today. Make another mental picture, this time of grain elevators partially filled and banks with money vaults nearly empty—that was the Iowa of 365 days ago. The former represents Iowa in peace time and the latter in war.

In industrialism, it was but a short step, from war to peace time in Iowa. This state boasted of few war plants and these resumed manufacture of their peace time products, shortly after peace began.

In Des Moines, the city's principal war industry—a saddle factory—now manufactures gloves. A munition plant located at Marshalltown, and counted one of the state's largest war industries, has resumed manufacture of farm implements.

Living costs, in general with the remainder of the country have kited to unheard of levels since hostilities ceased. Surveys by various state organizations, have revealed that food costs have advanced 25 to 50 per cent throughout the state during the last year, while the increase in the cost of clothing has averaged 25 to 50 per cent.

The high cost of living has united the farmer and laborer of Iowa. Today there is being organized a chain of co-operative grocery stores throughout the state, which labor and farmer organizations have supported financially. The farmer is bringing his products to these stores and the laborer is buying earload lots of groceries in an effort to defeat the high cost of living.

The industrial strife which has raged throughout the country for the last year, has had little effect upon Iowa. Strikes have been an almost unknown occurrence in the state.

Iowa will probably escape unscathed from the industrial battle confronting the country, Governor W. L. Harding said. The war has made the state stronger, industrially and commercially, predicting a bright future for Iowa and the mid-dlewest.

## FIRST REUNION OF AVIATORS IS HELD

Idea Was Suggested by Officials of  
American Flying Club as Get-  
Together Celebration

### SEVERAL CAME BY AIRPLANE

New York, Nov. 12.—Prizes won by flyers in the Trans-Continental Air Race were distributed at the first annual reunion and dinner of aviators—army, navy, postal and civilian—here last night.

The idea was first suggested by officials of the American Flying Club, under whose auspices the event was held, as a get-together celebration of former service flyers on the first anniversary of cessation of hostilities. The proposal grew in favor, however, until it now includes birdmen of all branches of the service, those who have been mustered out of the service and have returned to former occupations, and those who have entered the field of commercial aeronautics.

Several flyers arrived here by airplane from various flying fields to attend the dinner. Major Maurice Connolly, who is in charge of the arrangements, said that a fleet of six ships came from Langley Field, Va. Other flyers came from Boston, Dayton, Chicago, Cleveland, Washington, St. Louis, Detroit and Minneapolis.

The oldest watch factory in the United States and the largest in the world is at Waltham, Mass.

## County Stories

### Jackson Corner

Mrs. Lon Lewis and Mrs. Tom Powell of Rushville spent the weekend with the Misses Flossie and Zula Jackson.

Mr. and Mrs. Charles Caldwell and family were surprised at their home last Wednesday night by about sixty of their neighbors. An enjoyable evening was spent with music and games. Fruit was served during the evening.

The Needlework club was entertained by Mrs. George Sweet last Wednesday afternoon. The hours were spent over needlework and during the social hour dainty refreshments were served.

Ivan Mohler, Mrs. Nell Merritt and Mrs. Bertha Gordon are ill at their home in this vicinity.

Mr. and Mrs. Harry French spent Sunday afternoon with Mr. and Mrs. Alfred Gordon.

Mr. and Mrs. Cora Kiser and family spent Sunday with Mr. and Mrs. Francis Thatcher and family.

Mrs. Sherman Hill and children of Greensfork spent a few days last week with her parents Mr. and Mrs. Bert Miles.

Mr. and Mrs. Clyde Fry attended the birthday anniversary of John Overhiser at Indianapolis Sunday.

Mr. and Mrs. Barnes Charming of Comersville visited Mr. and Mrs. Allen Cloud Sunday.

Mr. and Mrs. Will Dobbins and daughter Chloe, Mr. and Mrs. Jake Myer and Mr. and Mrs. George Sweet were entertained at dinner Sunday by Mr. and Mrs. Fred Lightfoot.

Mr. and Mrs. Charles Caldwell and family and Mr. and Mrs. Thomas Heck attended a pitch-in dinner Sunday at the home of Mr. and Mrs. Elmo Hires at Glenwood.

Mr. and Mrs. Oscar Gordon, accompanied by Mr. and Mrs. Ben Luther, motored to Muncie Sunday and called on Miss Anna Ging.

## Foley's Honey and Tar COMPOUND

LOOSENS THE PHLEGM AND MUCUS, clears the air passages, coats inflamed and irritated membranes with a healing and soothing demulcent, eases hoarseness, stops tickling in the throat and makes refreshing, restful sleep possible.

### Banished La Grippe Coughs

Lewis Newman, 508 1/2 Northland St., Charleston, W. Va.: "I am glad to tell you that Foley's Honey and Tar is the best remedy for lung trouble I have ever used. I have been down sick ever since January and nothing would do me any good. I was full of cold. I had the grip all winter until I got two 4¢ bottles of Foley's Honey and Tar. I used the 4¢ bottle and am glad to say I can't feel any more cold in my chest."

Foley's Honey and Tar Compound gives prompt relief from coughs, colds, hoarseness, tickling throat, whooping cough, spasmodic croup and bronchial coughs.

# Eat Well and Feel Well

## By Taking Vinol

It creates a hearty appetite, aids digestion, creates thousands of new red blood corpuscles, the glow of health replaces pallid cheeks, anaemia disappears and strength and vigor returns.

### These Letters Prove It

West Chester, Pa.—"My blood was so poor that I had skin eruptions and was weak, nervous and could not sleep. My mother wanted me to try Vinol. It purified and enriched my blood, gave me a good appetite, my nervousness has gone, and it has built up my whole system. I can surely recommend it to others who need a good blood tonic."—MRS. EDWIN S. GUTHRIE.

Kenton, Del.—"I suffered from a nervous, run-down condition and no appetite. I keep house and live on a farm so had to keep about my work as I have five in the family. My druggist recommended Vinol as the best medicine for my condition. It has given me a good appetite, and I sleep better and feel stronger in every way."—MRS. J. HERMAN WILDA.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Your money will be returned if Vinol fails.

**Vinol**

**WE GIVE THE VALUES & GET THE BUSINESS**

**What's all this talk about \$100 Suits and Overcoats?**

—We haven't any. Some of the talk heard these days reminds us of Mark Twain's famous remark: "The reports of my death have been greatly exaggerated."

—We advise the average man to pay from \$40.00 to \$55.00 for his Winter Suit or Overcoat—this for economy sake. But we want to say right here that a good Suit or Overcoat—one with style and merit—can be bought from us at \$25.00 and \$30.00. Right now we have a Big Drive on.

**Young Fellers' Club Suits and Overcoats at \$35**

Hundreds of others in extreme and conservative cuts at \$40, \$45, \$47.50, \$50, \$55, \$60 and \$65.

The prices on our furnishings are based on a volume of sales—"Quick Turn Over" and "Small Profits." Mr. Knecht who has just returned from the Eastern New York Markets advises Xmas buyers to shop early. For he doubts the ability to fill the demands this season.

You'll be happy to give him a pair of our Tan and Gray Cape Leather Gloves at \$2.00 up. Also Jersey, Wool and Mocha Gloves at 50c up. Values like these don't make the dollar bill look like such a faker.

A marvelous range of Young Men's Silk Neckwear at 75c up. Never in our history have we offered a finer value. The increase in sales proves it.

Silk, Madras and Crepe De Chine Shirts of distinction and service. Crepe De Chine Shirts at \$10.00 and up. Tub Silk Shirts, good quality at \$7.50 and up. Madras Shirts \$1.50 up.

IF WANTED! Every purchase will be laid aside until Xmas and put up nicely in a Xmas box.

## INDUSTRY GROWS DURING PAST YEAR

Statistics Show That Eastern Business Has Thrived Since Peace Was Declared

### MANY BUSINESSES BOOMING

Philadelphia Especially Has Taken Big Jumps in Manufacturing Belt

(By United Press.)

Philadelphia, Nov. 12.—Since peace came a year ago an unexpected industrial awakening seems to have spread over this section of the manufacturing belt, in spite of the unrest and uncertainty of the present time.

Although the Philadelphia Chamber of Commerce, which has made a survey of industrial conditions and business generally in this locality, claims it is hard to make a general statement of the situation because of the diversity of business handled in this district, an increased production is reported in 7 out of 10 concerns in this city alone.

The most tangible evidence of the boom is noticed in the housing situation. The Chamber of Commerce announced more than 30,000 homes are needed to house the overflow population in Philadelphia which constitutes approximately 200,000 additional inhabitants.

Real estate men, to account for this, point to the shipyards where practically no let-up has been seen since the ending of the war and a steady force has been maintained. The shipyard worker filled a gap in the population made by men who went away into the service and when these men returned the shipyard men remained.

But prosperity in one industry has been accompanied by decline in the productive activity of others. The Brill Car Company, which manufactured transportation facilities for the government, has noticed the change to peace production more than its sister company, the Baldwin Locomotive Works, one of the staid branches of industry.

In some lines, particularly castings and fittings, a large foreign trade has loomed on the horizon and added to the business that existed before the war, are the new foreign markets that have grown up unexpectedly over night.

Another line—rugs and blankets—has thrived, according to James Dobson of the Dobson mills, who said, "We were as busy as could be during the war on government supplies, and we are just as busy today on our civilian business. We are employing a larger force now than during the war."

The only serious handicap many manufacturers face, it was pointed out, is the shortage and increased cost of raw materials.

Withal, there seems to be no set standard. A good week is offset by a dull week they say. "Business as usual," is a slogan that has died with the war and in every line of business the most unexpected things have happened.

## ELLIS ISLAND IS CROWDED WITH REDS

Alleged Anarchists are Awaiting Deportation—37 More Prisoners Taken in Raids

### THEIR CLAIMS INVESTIGATED

(By United Press.)

New York, Nov. 12.—Ellis Island is crowded with alleged reds awaiting deportation, according to immigration officials today.

This statement was informally made to explain why they conducted in police headquarters the examination of 37 additional prisoners taken in raids by police yesterday. They refused to say why many deportees were held at the island.

Prisoners taken yesterday, generally claimed they had entered this country illegally in order to be deported rather than to face charges of criminal anarchy.

To determine as to whether their claims were true was the reason why the officials examined them.

## Safe Milk

### From Sanitary Dairies—From Inspected Cows

You know you get a safe milk when you get Van Camp's.

The dairies are sanitary, the cows are inspected.

Then after evaporation—after the cans are sealed—the milk is sterilized.

The dangers which lurk in ordinary milk never exist in Van Camp's.

### Extra-Rich Milk

In Van Camp's you get milk from healthy, high-bred cows. Every milking is tested for the butter-fat.

Then we reduce it to double richness by taking out more than one-half of the water.

Van Camp's Milk comes to you as a cream. Dilute it one-half and you have rich milk. For cooking you have a whole milk, where you usually use skimmed milk.

### Economical Milk

You get in Van Camp's economical milk.

There is no waste. It comes in small cans and large cans. Open little or much as you wish.

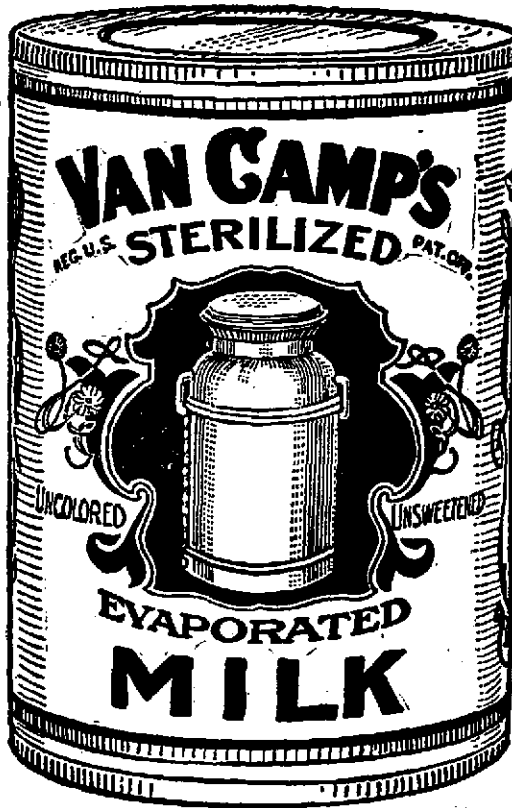

\* \* \* \* \*

You never run short of milk, never run over. You have milk for every emergency, but none to throw away.

### A 20-Year Product

We have spent 20 years to make Van Camp's the finest milk sold in America. The ablest milk experts have helped us. We have bought high-bred cows, built model condenseries and established sanitary dairies.

Now millions of homes get better milk than they ever had before. We urge you to join them.

"The Cow in the Pantry"

## Van Camp's Milk

Rich, whole milk, reduced to double richness by low-heat evaporation

Sealed at model condenseries in seven great dairying districts by

Van Camp Products Company Indianapolis, Ind.

## ESPIONAGE ACT IS UPHELD BY COURT

Action is Taken by Supreme Court in Case of J. Abrams, Convicted by Lower Court

### CIRCULATED LEAFLETS

Washington, Nov. 12.—The supreme court held yesterday that congress did not exceed its authority in enacting the espionage law.

The action was taken to uphold the decision of the court against J. Abrams and others who were convicted of circulating revolutionary leaflets in Manhattan.

The leaflets in general urged the American workers to overthrow the government and join the Russian soviets.

Signed by the rebels, the pamphlets urged a general strike because the president had not recognized the Lenine-Trotsky government.

In making the decision the court indicated a strong sentiment in upholding the department of justice in its campaign against the revolutionists.

## URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

### Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.
